

OUR DEMOCRACY — by Mat

LUTHER BURBANK HELPED BUILD A STRONGER AMERICA BY DEVELOPING PLANTS THAT YIELDED HEAVIER HARVESTS, REQUIRED SHORTER GROWING SEASONS, BORE FRUIT THAT COULD BE SAFELY STORED AND SHIPPED.

"I shall be contented if, because of me, there shall be better fruits and fairer flowers." LUTHER BURBANK • 1849-1926

BUILDING AN EVER STRONGER AMERICA, INCREASING THE NATION'S PRODUCTIVITY IS A TASK FOR ALL OF US. HARD WORK, INITIATIVE AND INDIVIDUAL ENTERPRISE ARE WAYS OF HELPING — AND BY PUTTING OUR MONEY INTO WAR BONDS, SAVINGS ACCOUNTS AND LIFE INSURANCE, WE TRANSLATE TODAY'S EFFORTS INTO THE FRUITS OF TOMORROW.

Has Your SUBSCRIPTION Expired?

It seems impossible to notify every person whose subscription has expired, and recent attempts have resulted in a number being cut off our lists who said they received no no-

ice. This is an attempt to "expose" anyone, but these persons now on our list whose subscriptions have expired are listed below. We do not bill service men, unless they personally request it, and many of their families do not remember just when the subscriptions of their boys are out. Due to recent rulings of the War and Navy departments, many past due servicemen's names have already been taken off our lists.

So remember, here is a list of all persons whose subscriptions have expired to date, and that this is the last copy they will receive unless renewal is received. The price is \$1.25 for 6 months, or \$2.00 per year for civilians, and 75c for 6 months or \$1.50 per year for servicemen.

We will be glad to have your renewal.

Don't plant wheat in grazing crop mixtures because of the danger of Hessian fly damage, says J. Myron Maxwell of State College.

Concentrates for livestock feeding in the next year will total about 133 million tons as compared with 162 million in the 1944-45 year.

don't herald says:

BUT THEY'RE REALLY 2 PRETTY GOOD EGGS

I know a lot of employers and I know a lot of workers, and they are both good guys.

They ought to know each other better.

If an employer could go home with an average worker, he'd find that he's a good family man, fair-minded, honest, and interested in his work. But some bosses are fooled by some professional rattle-rouser into thinking his boss is a skunk.

If a worker knew the average employer, he'd see that he is a worrying, headachy guy with a lot of troubles, willing to be fair, and not making nearly as much profit as he might imagine.
