COMMENDATION

We would like to offer our commendation, whatever it's worth, to the Hoke County commissioners for their action last Monday in taking steps to get the rural mail situation in this county corrected, and we feel sure that the people of the town and county will concur in this.

At the present time two Robeson County RFD routes come within five miles of Raeford, a county seat. It takes as long to get a letter by mail from Raeford to a point five miles out the Red Springs road as it does to New York. In requesting a survey of the county's mail routes the County

commissioners have started action that will undoubtedly result in the correction of this situation and we feel that a commendation is richly deserved.

Miss McQueen, a daughter of the Rev. Archie McQueen of Bethel, lives where T. B. Lester now lives.

The Sherman freshet raised the Cape Fear River to a depth of 65 feet at Fayetteville. The freshet of 1908 was 66 feet, and the freshet last week raised the river 1 foot and 9 inches deeper than the 1908 freshet.

Soldiers now fill the buses and trains. They are being discharged from military service and are going home.

Roughly guessing, fires have destroyed a quarter million dollars of property in this town since it was incorporated. It had a population of 150 when incorporated in 1901.

Postmaster Currie used to bring down a couple of mail bags to the depot each morning, one for the post offices between here and Fayetteville and another for through mail. He would carry the local mail on his shoulder up to the post office, a building 10 by 12 feet.

If the present inflation of currency is not maintained, it will work a hardship on citizens who create debts during the World War II, and it will take much more to adjust indebtedness created by the late war.

We have not heard of any gold mining being done recently in either Moore or Montgomery county, but for years the gold fever ran high in both these counties. I believe great mines of rich gold ore will be mined in both these counties some day. There is gold there.

When people were bitten by a mad dog or mad animal, it meant death when I was a boy, and deaming of being mad-dog bit was a bad dream. An effective cure has been found for mad dog bite, but you should have your dogs vaccinated and eye trouble.
