out of season, and without li-DEER THAPPING BEGINS-Deer trapping under Federal Pro-jects 21-D of the Division of Game and Inland Fisheries will begin soon on three trapping arearst the Plegah Game Preserve. Mt. Mitchell Game Area, and the Elizabeth D. Reynolds estate. Deer trapping and transplanting from these areas is a part of the plan for deer restoration in cerlain sections. For the past month, traps have been set up and builted allowing the deer to enter and be-

come familiar with them; Project Lend Frederick Mahan may begin the actual trapping within he next week Deer mapping was begun on th Reynolds estate in the fall of 1914. The estate, containing 8,000 acres

thin a fenced enclosure and ominacres outside it, was stockd with 73 deer by Reynolds in 1934. Little hunting was carried m, and the herd increased rapid-

up by the Division of Game and n order to strengthen the laws. stikularly concerning the mininum lines for sectain classes of violations. Other amendments will oncern the use of automatic rif-
