THE WORLD IN CHAINS

Even in this enlightened day, when there is much talk about freedom, the amount of real freedom in the world is distressingly small. Americans who have traveled abroad have been painfully conscious of the restrictions on speech and on the movements and activities of individuals.

Humanity today seems to be bound as securely as if the nations were ringed with chains of steel. Greed, selfishness, ambition, fear, irreligion and personal and political immorality seem to hold mankind in a state of perpetual thralldom.

On the international level, the false doctrine that might makes right—the age-old law of the jungle—operates to stifle the social, cultural and religious aspirations of the smaller nations and bring them into virtual subjection to the larger powers.

The answer to all this is not more power politics, more dictators, more war, or more restrictions on the freedom of peoples. The answer lies in the spread of true religion and the spirit of brotherhood among men.

God, working through His Church, can bring peace, freedom and contentment to a troubled world.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the church of his choice. They are: (1) For his own sake of his children's sake. (2) For the sake of his community and nation. (3) For the sake of the Church-itself, which needs his moral and material support. Plan to go to church on Sunday and read your Bible daily.
