MORE ABOUT Poole's Medley

grown man when I had money to buy all I could eat at one time a pound of cocoanut candy. High prices will break up the wealth of the people of the land much faster than low prices. However, let us hope neither will last long enough to bring distress to the folks of the land.

I went with father to a neighbor's one day when he was going to help the man roll logs in the newground, and the men found a hen's nest with a half dozen partridge eggs in it. They gave them to me for my dinner.

Willie Willis says if boys are as bad as folks say they are why do folks seem so glad when the new baby is a boy instead of who are all said to be so good.

MORE ABOUT Phillippi Church

Mr. McMahan formerly preached at Phillippi. He is a native of Piedmont S. C., a graduate of Presbyterian College, Clinton, S. C., a graduate of Columbia Theological Seminary, Decatur, Ga., and holds the Master of Theology degree from Union Theological Seminary, Richmond, Va. He works under the Commission on the Minister and His Work of Fayetteville Presbytery and has served many churches of Fayetteville and surrounding presbyteries for a number of years.

All members and friends of Phillippi are invited to attend this beginning rally service.

Raeford friends of the church are also cordially invited to attend the services.

PIMPLES
 Disappeared Overnight

Blackheads too. No waiting. Yes, it is true, there is a safe, harmless, medicated liquid called KLEEK that dries up pimples overnight as it acts to loosen and remove them. Those who followed simple directions and applied KLEEK upon retiring were amazingly surprised when they found their pimples and blackheads had disappeared and are now happy with their clear, healthy, glowing skin. KLEEK is safe and sure. Use KLEEK. If one application does not satisfy, you get double your money back. Ask for KLEEK today, sure.

Interest To Farmers

Before you get too busy in your vegetable garden this Spring, John Harris, Extension Horticulturist at State College, suggests that you divide and re-set perennial flowers, as well as getting annuals started.

Root vegetables will keep better if the tops or leaves are trimmed before storing.

The best safety rule in handling bulls is to handle them as little as possible, says David S. Weaver, head of Agricultural Engineering department, State College.

Forty-nine Swain County farm people recently ordered 8,300 strawberry plants of the Massey variety.

That North Carolina growers must improve the quality of their sweet potatoes if they are to satisfy consumer preferences, was disclosed in a survey conducted by a State College Professor in Wilmington, Greensboro, Raleigh and Asheville, stores.

Soil Conservation technicians of the U. S. Department of Agriculture helped farmers and ranchers build 20,000 farm ponds in 1946.

Participation in the 1947 potato crop price support is limited to growers who have complied with potato acreage goals.

MARKETING with Marjorie

Easter is a big day at my house, just as it probably is at yours. A few days beforehand, I start chopping at my A&P, so the family can enjoy all Easter's special good things to eat. Because A&P's prices are moderate, my food money goes farther. And A&P's big variety means I can pick and choose from the best of everything available.

FIRST-RATE FIRST COURSE
 The last word in first courses... fruit cocktail topped with this sherbet: Boil ½ cup of sugar and 1½ cups of hot water 10 minutes. Sprinkle 1 tbs. of gelatin on top of ½ cup of cold water. Add to sugar syrup, stir till dissolved; add 3 tbs. of lemon juice, ½ cup of orange juice, 1 pt. of A&P GRAPE JUICE and ¼ tsp. of salt. Freeze. For the rich flavor of fresh grapes, be sure to use A&P GRAPE JUICE!

CLUE TO GOOD COFFEE
 Ever noticed how quickly apples turn brown when they're cut? It's a sign the air is robbing them of freshness. That happens to coffee, too, when the bean is broken by grinding, so take a tip from me and buy your coffee in the whole bean and have it Custom Ground to fit your coffeepot! That's how A&P COFFEE is sold, and believe me, it's grand! Get mild, mellow EIGHT O'CLOCK; rich, full-bodied RED CIRCLE; or vigorous, winery BOKAR at the A&P.

EASTER EATING
 To please every Easter feaster, do your holiday marketing at the A&P. I'll eat my new Easter bonnet if you don't agree that it's a swell spot to shop! For everything in A&P's big stock has been carefully selected and attractively priced. A Happy Easter and the best dishes of the season to you!

DONUT DELIGHT
 Dollars to donuts, your family will love this dessert made with tender, oven-fresh JANE PARKER DONUTS from the A&P. Split donuts and place vanilla or butter-scotch pudding between the layers. Top with more pudding, and—as a special Easter touch—garnish with 3 or 4 colored Jordan almonds or candy Easter eggs.

We are now taking orders for a carload of Johns Manville asbestos siding and shingles which we are expecting next week.

We will deliver from the car.

Lots of things can happen—besides a fire!

- AIRPLANES crash through roofs—
- AUTOMOBILES smash into houses—
- WINDSTORMS wipe out homes—
- GAS EXPLOSIONS blast buildings—
- RIOTERS damage property—
- SMUDGE from faulty oil burners can cause expensive damage—
- EVEN HAIL can cause damage requiring extensive repairs. ... But—

ALL these perils can be insured against at little cost, with an endorsement added to your present fire policies. Let us tell you more about it.

Here is a letter from a farmer about an experience he had with natural soda on his pasture. It is offered here in the hope that you will find his suggestion helpful and profitable.

The Farmer's Forum
 from Uncle Natchel's Book of Experience

"Before planting my fall and winter pasture mixtures of small grains and legumes in August, I made an application of two hundred pounds of Chilean Nitrate per acre. My cattle are now knee deep in grazing all over the field, except in those spots we skipped when applying the soda. In the future no fall and winter pastures without proper fertilization for me."

Natural CHILEAN NITRATE of SODA
