

"Send The Red Cross"

More than 300,000 people say "Thanks" for the help you gave in disasters through Red Cross last year. Give in '49.

You can aid desperate victims of disaster by giving to the Red Cross Fund Campaign now! Help safeguard America!

That was the desperate cry of a man calling for help when there was more of Texas City in the air than on the ground.

That same cry rose above the Florida hurricane winds of last year, above the roar of the forest fires that charred dozens of communities in Maine the year before, above the thunder of raging, swollen rivers throughout the country year after year.

For 67 years you have answered that cry for help through your Red Cross. By appointment to the people the Red Cross has served as your representative, translating into action your desire to help men, women and children made helpless by disaster.

Last year, through your Red Cross, in 303 disaster relief operations you brought emergency care and rehabilitation aid to over 300,000 people at a total cost of 12,171,022.

Once a year you renew your appointment of your representative, the Red Cross, by giving the funds to carry out the never ending job of disaster operations.

Now is the time you give before it happens by giving through your Red Cross.
