Home Agent's Narrative Report For May

Twelve Home Demonstration Clubs met in May. One hundred thirty-five (135) club women attended the meetings which were on "Improve Your Household Skills." It has been estimated that 25% to 50% of the annual work done in shop, factories and homes is unnecessary—that the work might be done in a much better way, producing the same output with less expenditure of energy. The club women were asked to check many of their household tasks, question the way they did the jobs and then seek shortcuts to do the work in less time and energy. It has been said that the first sign of aging mentally is refusing to change a habit. Work habits that have been formed over years cannot be changed overnight but new work methods that are given a chance may make daily tasks lighter. New cleaning agents and methods to clean woodwork, metals etc were demonstrated. Choosing the best tools for the task was discussed. A flannel board showing good and poor kitchen arrangement was used to show how arrangement can make work more or less efficient and effective.

Hoke County club women observed National Home Demonstration Club week May 1-8. The Pine Forest and Ashmont clubs sponsored a tour to several homes

in their communities. They visited Mrs. Crawford Wright's to see her remodeled kitchen, Mrs. N. A. McDonald's to see hooked rugs. At Mrs. DeWitt Tapp's they saw refinished furniture. They were shown over the R. H. and B. L. Williamson home that has been recently remodeled. At Mrs. Lee Maultsby's they were especially interested in the kitchen and outdoor living room. The kitchen and handicrafts were of interest at Mrs. Fred Riley's. At Mrs. D. R. Huff's they saw a remodeled home, yard improvement and the group also visited the chicken hatchery and new brooder house. At Mrs. Ralph Cothrans 6000 broilers were seen. The main item of interest at Mrs. W. H. Hares was the newly remodeled kitchen. The last stop was at Mrs. N. F. Sinclair's where the group saw an attractive and convenient kitchen, and 18 foot home freezer and slip covers made from feed bags.

The Rockfish Club, together with the PTA, sponsored a citizenship program on the evening of May 5. The Hoke High School band played and Rev. P. O. Lee was the speaker. Refreshments were served after the program.

The Buchan club enjoyed a weiner roast at the home of Mr. and Mrs. Talmadge Bobbitt on the evening of May 6th.

The Mildouson club gave a shrubbery shower for Mrs. Tom Jones and a birthday shower for Mrs. N. H. G. Balfour.

Mrs. Virginia S. Swain, Extension Specialist in Family Rela-

tions, held a tripping school for fifteen Family Life leaders on the afternoon of May 17. Mrs. Swain's subject was "Family Teamwork." The leaders will repeat her discussion at June club meetings.

The Arabia, Mildouson, Blue Springs and Wayside Clubs voted to send 4-H club members from their communities to 4-H Camp in June.

A pressure cooker clinic was jointly sponsored with Mr. W. P. Phillips, Vocational Agriculture teacher. Around 35 cookers were checked.
