# The Worker and His Job -

Why does American Industry stand pre-eminent among the industrial systems of the world? One reason is the quality and character of the American worker.

He is not a beaten, frustrated individual with a sour and cynical outlook on life. He is a man of hope, of plans, of interests. He knows that he has a big stake in industry and in a free and democratic government.

The American worker is not a slave of industry; neither is he the slave of an oppressive government which practices forced labor. He is a free man, secure in his rights, safe in his home, respected by his neighbors.

The American worker believes in God and inherits a religious tradition. He is the backbone of his Church and a strong supporter of civic morality and righteousness. He has faith in God, faith in men, faith in America.

This is the simple story behind America's industrial supremacy. She excels because her people believe in God and right and honest work, in peace and goodwill toward others.

## THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
