

QUEWHIFFLE NEWS

by Mrs. Ralph Cothran

Mr. and Mrs. Earl Montague of Raleigh spent the week end with Mrs. Montague's parents, Mr. and Mrs. R. A. Smoak.

Mr. and Mrs. J. R. Cothran and Judy spent Sunday in Robbins visiting Mrs. Cothran's grandmother.

Miss Frances Bowling of Raleigh spent the week end here with home folks.

Mrs. M. D. Holden of Whiteville is spending a few days with her daughter, Mrs. Greene.

E. D. Bowling is spending a few days with his son, E. H. Bowling.

Mr. and Mrs. W. M. Thompson and daughter of Jackson Springs spent Sunday afternoon with Mr. and Mrs. B. F. Hardister and family.

Mr. and Mrs. E. King had as their guests Sunday Mr. and Mrs. H. C. Hester of Fuquay Springs and Mr. and Mrs. Bill Nettles of Aberdeen.

Friends of Lens Thompson will be sorry to hear that he is a patient at St. Joseph's hospital.

The Women of the Church of Shiloh Presbyterian church met Monday night at Montrose community house. Mrs. D. H. Johnson taught the Bible lesson.

Mr. and Mrs. Dan Norton returned to their home in Wilmington after a visit here with Mrs. Horton's sister, Mrs. W. L. McFadyen.

Mrs. Claude Goewick and son, Claude, Jr., of Durham visited in the home of Mr. and Mrs. W. L. McFadyen for the past week.

Mr. and Mrs. Glenn Maxwell

and baby have returned to Raleigh after having spent their vacation with their parents, Mr. and Mrs. Walter Maxwell and Mr. and Mrs. N. F. Sinclair.

Mr. and Mrs. Walter Bobbitt and daughter of Asheville arrived Monday for a few days visit with Mr. and Mrs. L. R. Cothran. They have been visiting in Raleigh and Greenville.

Mrs. Janie Lanier and Mrs. John Padgett of Hattiesburg, Miss., and Mrs. D. C. Goshee of New Orleans, La. visited Mrs. Tom Sinclair Monday. They were en route to their homes after spending the summer in Asheville.

Lumberton Passes Goal, And Prices High As Ever

Lumberton—With whole warehouse floors averaging up to 50c, individual crops up to 67.90c, and choice piles up to \$1, the Lumberton Tobacco Market equaled its 1948 poundage in midweek, and was going as strong as ever today.

The only difference, according to Sales Supervisor M. R. Alexander, was that the total sales each day were off somewhat, but the prices appeared to be as high as ever, grade for grade. This meant plenty of room for all comers, he said, with prompt sales and top prices.

Lumberton's 1949 record of 30,932,094 pounds, which was equaled in midweek, was the market's goal for this season. However, present indications are that it will go over this mark several million pounds. This is considered a fine tribute to its fine corps of warehousemen and buyers, considering that the 1949 crop is off 10 per cent in weight.

One of the top averages posted last week was that of Pitt Alien of Lumberton and one of his tenants, who sold 1,062 pounds for an average of \$67.90. Honors for the high individual pile, went to Duncan McEachern and Ivey of St. Pauls, who sold a basket for extra fancy wrappers for a whopping \$1 per pound.

The last release of official average (AAA or U. S. Government figures) showed that the Lumberton Market was averaging \$49.97.

Similarly, the last official Government reports showed that the Border is leading every day now operating anywhere from 60c to \$4.69.

We can't say that Lumberton is at the very top of the Border,

because we don't have the figures on all the other markets, Mr. Alexander declared, but we are sure its prices are right at the top, grade for grade.

"Our market is not only out of the block this week," he continued, "but we are operating at anywhere from 50 to 75 per cent of our capacity. So there is plenty of room for all customers without having to book space ahead. Each

of our six warehouse firms has a sale every day, and we can handle all comers."

Meat production under Federal inspection for the week ended September 10 totaled 260 million pounds.

October 9-15 has been proclaimed by President Truman as Fire Prevention Week.

WHITEY STOPS AN EPIDEMIC

Whitey Fisher ran into some real trouble the other day just after he received his first shipment of baby chicks. "Bunch of them," he said, "started running around like crazy and going into convulsions."

Luckily, Whitey's a smart boy. Without wasting any time he isolated the fancy-looking chicks and sent a couple of them to the State College Poultry Division Laboratory for a check-up. Turned out they had Newcastle Disease. But—thanks to Whitey's quick action—the rest of the flock was saved.

It pays to keep your eyes open and act fast whenever you see a way to improve conditions. It's like the way the beer industry of this state is working with the Malt Beverage Division of the North Carolina ADC Board these days.

No matter what business you're in, it's best to have a sharp lookout—make sure things are always in the bag the way you want them. And that's why healthiness is the key.

Fertilizer Makes Grain Get Up and GROW!

FOR ABUNDANT YIELDS of better-quality grain next summer, get your crop off to a good start of quick, vigorous growth this fall!

At seeding time, give each acre 300 to 600 pounds of well-balanced, complete fertilizer, such as 5-10-5, 4-12-4, 3-12-6 or a similar analysis recommended by your County Agent or Vocational Teacher.

Fertilizer makes grain get up and grow! The stand is thickened. Strong root systems are developed which mean less winter injury and less soil erosion. Plants are

BUY FERTILIZER NOW!

Place your order with your regular fertilizer supplier and request immediate shipment of your fertilizer for small grains

ready to produce bigger yields next spring. Apply complete fertilizer this fall—and then top-dress with Arcadian*, the American Nitrate of Soda, or A-N-L* Brand Fertilizer Compound, very early next spring. Complete fertilizer and nitrogen top-dressing work in partnership to increase your yields and your profits.
