

Poole's Medley

BY D. SCOTT POOLE

Old men said it was impossible for a man to pull 200 bundles of fodder in a day, but I knew more than one man who could pull 200 bundles one day after another with regularity.

Folks used to gather their peas but the gathering of the pea crop is considered so slavishly hard seed peas are scarce.

The farmer has always been

since my day, "the under dog" because he is not allowed to price his own products. Let the farmers share independence along with the balance of the world.

I learned many lessons from my chum, He never had any hard tasks. He would say, "Oh, well it will not take me long", no matter how hard the task. He did not dread any hard thing he had to do.

Hadacol Helps Textile Workers Stay On The Job

The great textile mills of the Carolinas are booming again with shifts working day and night to turn out the nation's finest materials, and HADACOL is doing its part to keep folks on the job.

Many textile workers have reported the wonderful relief which has been brought them by HADACOL with its five B vitamins and four important minerals. Two of these workers, a young father employed by the great Cannon Mills at Kannapolis, N.C., and a mother, working at a mill in nearby Salisbury, N. C., recently told how HADACOL had helped keep them on the job.

Jay W. Barnhardt, Route 3, Box 343, Kannapolis, N. C., is 30 years old and the proud father of two children. His work in the Cannon Mills calls for a great deal of standing up.

"I had been ill for several years," said Mr. Barnhardt as he explained how close he came to having to give up his work. "I suffered with a weak stomach. It became worse and worse with gastric disturbances. I just could not hold food and no food agreed with me. I could not sleep and finally I became so sick that my legs got weak as I worked in the mill each day."

Mr. Barnhardt, like so many sufferers, had tried many preparations without relief, when he heard about HADACOL.

"After the second bottle of HADACOL I began to feel better and to regain the weight I had lost," said Mr. Barnhardt. "My digestion became normal again and today I am as well as ever. My legs no longer bother me. I eat and enjoy my food. I sleep well and have plenty of energy."

Mr. Barnhardt has taken several bottles of HADACOL and now takes the famous vitamin and mineral preparation to help stay well. He has had his wife take it with wonderful results and has recommended it to his friends in the mill.

Mrs. Maggie H. Poole, 1503 Caroline Avenue, in Salisbury, N. C., had become so ill that she was forced to give up her work but soon after hearing the wonderful news about HADACOL she was back on the job and has been doing swell ever since.

"I was tired, weak and nervous," said Mrs. Poole. "I suffered indigestion and food didn't agree with me. I also had headaches. After taking five bottles of HADACOL I felt good and was back on the job at the mill. I had tried so many things that the HADACOL news was a real blessing to

me. I have more appetite and eat what I want to. I feel better than I have in a long time."

Mr. Barnhardt and Mrs. Poole were both suffering from a lack of B vitamins and the minerals which HADACOL contains. HADACOL comes to you in liquid form, easily assimilated in the blood stream so that it can go to work right away.

A lack of only a small amount of B vitamins and certain minerals will cause digestive disturbances... Your food will not agree with you... You will have an upset stomach... You will suffer from heartburn, gas pains and your food will sour on your stomach and you will not be able to eat the things you like for fear of being in misery afterwards. Many people also suffer from constipation. And while these symptoms may be the results of other causes, they are surely and certainly the signs of lack of B vitamins and minerals which HADACOL contains. And if you suffer from such a deficiency disorder, there is no known cure except the administration of the vitamins and mineral, which your system lacks.

It is easy to understand, therefore, why countless thousands have been benefited by this amazing tonic, HADACOL. So it matters not how old you are or who you are... it matters not where you live or if you have tried all the medicines under the sun, give this wonderful preparation HADACOL a trial. Don't go on suffering. Don't continue to lead a miserable life. Many persons who have suffered and waited for 10 to 20 years or even longer, are able now to live happy, comfortable lives because HADACOL supplied the vitamins and minerals which their systems needed. Be fair to yourself. Temporary relief is not enough for you. Give HADACOL a trial! Insist on the genuine HADACOL. Don't be misled. Accept no substitute.

Sold at all leading drug stores. Trial size only \$1.25, but save money; buy the large family and hospital size, only \$3.50. If your druggist does not handle HADACOL, order direct from The LeBlanc Corporation, Lafayette, La., and when the postman brings your package just pay the amount plus the c. o. d. and postage. If you remit with the order we will pay the postage.

Then, if you don't feel perfectly satisfied after using HADACOL as directed, just return the empty carton and your money will be cheerfully refunded. Nothing could be fairer.

With today's equipment to prepare and cultivate, I see no reason why a clodbuster has not an even chance with humanity.

There were five Ray brothers in Moore county who came from Scotland, who were all good citizens and Presbyterians, Alex, Nivin, Malcolm, Archibald and Patrick, or Peter. Three of them married Clarks.

There have been but few, if any, who have willfully allowed the alcohol habit to make them captive to drink. So total abstinence is the only safe rule of action in this matter.

To be thorough in our knowledge of subjects, we must consult standards, and be sure we are right in the simplest matters.

In November, 1834, there was the greatest meteoric shower ever known, or read about. The heavens looked as if the stars were falling.

The Sandhill springs are not likely to go dry, as the mills on Sandhill creek can run with water, when streams in the clay lands are dry.

It would be only commonsense for people who have not had educational advantages to improve their knowledge by reviewing their studies of subjects.

The Parent Teacher Association has the position to aid a great deal in making the public schools just what they ought to be.

Religion is the greatest and most useful subject humanity needs to study, and to my mind, one of the most delightful subjects.

It is being said that there has been but little change in Thanksgiving since 1923. President George Washington set the time for Thanksgiving the last Thursday in November, and Franklin D. Roosevelt could not change it. Moving it back a little further from Christmas was all he wanted to do.

The census of 1910 gave Raeford a population of 350. David Ray was the census taker. I think he took the census in Quewhiffle more than once. He found it hard not to go hunting after Fort Bragg was located in this county. The reservation took off 92,000 acres of land, and three hundred inhabitants who went to other counties to live.

In the State Magazine of last week you may read of a Presbyterian minister who prayed for rain in a dry summer, and it rained before they got home that day. A minister at Spring Hill church in the days following the Civil War, when they had a drought, asked the people to come to the church to pray for rain, and before they went into the church he told them to turn their cushions over, and it did rain.

The above is not written in jest, those prayers were answered. Many prayers are answered if offered in the right spirit.

That this country is tending towards Communism none can deny, but waves of wickedness have passed over this country at different times, to be followed by religious revivals, so we hope for a revival.

Veterans Warned Of NSLI Deadline

A deadline in connection with National Service Life Insurance is coming up December 31, 1949 for veterans with service-incurred disabilities less than total in degree, the Veterans Administration warns.

Generally a World War II veteran who applies for new insurance or to reinstate a policy that has lapsed, must furnish VA with satisfactory evidence of his good health. But so long as he applies before January 1, 1950, a service-incurred disability, if less than total in degree, will be disregarded in determining good health for this purpose. The disability must have been incurred in service between October 8, 1940 and September 2, 1945.

A veteran who applies for the NSLI total disability income pension also is required to furnish evidence of good health. In this case, too, a disability incurred in service between those same two dates, if less than total in degree, will be disregarded in determining good health. The application for total disability income provision must be made before January 1, 1950.

World War II veterans eligible for automobiles have June 30, 1950 as their deadline, before which applications must be made. Such veterans who in service lost, or lost the use of, one or both legs at or above the ankle may be entitled to receive an automobile or other conveyance at Government expense.
