

ROCKFISH NEWS

By Mrs. A. A. McInnis.

At the regular Sunday night service at Tabernacle church last Sunday seven persons were received into the church. Six of these are to be baptised next Sunday at Mt. Gilead.

Mrs. Janie McGougan, Mrs. Mary Ann McGougan and Mrs. Vera McGougan visited Mr. and Mrs. W. T. Boseman last Saturday. Mr. and Mrs. J. G. Edge of Fayetteville were their guests on Sunday.

C. W. Tillman and his mother, Mrs. Mary Dorr, of Columbia, S. C. came to visit Mr. and Mrs. Harold Tillman Saturday night. Mr. Tillman returned to his home Sunday. Mrs. Dorr remained for a longer visit after which she will go to visit other relatives in Raleigh.

Miss Alma Capps visited her mother and grandfather, G. D. Capps, the past week end and attended church services at Galatia Sunday.

tia Sunday.

Mr. and Mrs. B. B. Cole visited Prof. T. C. Jones in Moore County hospital Sunday and found him much improved. He may be able to come home some time this week.

Bruce Dees of State College was at home for the past week end with his parents, Mr. and Mrs. George Dees.

Miss Leona Terrell of Fort Bragg was the week end guest of Mr. and Mrs. Herbert Long.

Miss Jaunita Long, of Raleigh spent the past week end at home.

Mrs. M. R. Knight visited Mr. and Mrs. C. S. Pickett at Honeycutt Sunday.

The Women of Circle No. two Galatia church met at the community house Wednesday for an all day quilting. This quilt for the orphans is one of two that they made recently to be sure that they were not credited with more than they had done.

Mrs. B. B. Cole and Mrs. Wilton Wood of the Rockfish school faculty were among those who went to Currie's Demonstration School in Greensboro Saturday.

About 27 teachers went from this county on a chartered bus.

Miss Lillie Wood visited her aunt, Mrs. S. D. Jackson, in Greensboro the latter part of last week and from there to Asheboro where she visited Mr. and Mrs. E. B. Wood and family. Mr. and Mrs. Neill D. Ray and other relatives.

William Adcox, student at Chapel Hill, spent the past week end with his parents, Mr. and Mrs. Randall Adcox.

Marvin English of the U. S. Navy, came home last Tuesday night for a week's stay with his parents, Mr. and Mrs. Percy English. All the family visited Fred and Neill English at Morganton, Sunday, where they are in school. They found the boys doing fine. It seems that with Fred as a leader some of the school boys were engaged in the unusual feat of building a house up in the tree's. They had completed a good sized room and were adding to it. The boys must be getting "bird-minded" or maybe they are just high-minded.

Mr. and Mrs. A. W. Wood visited Prof. T. C. Jones, principal of Rockfish school, at Moore County hospital Monday. He was still improving and expected to come home Wednesday.

Ervin Beasley's brother-in-law, Sgt. Hutchinson left for Japan Wednesday. His family are still making their home here with Mr. Beasley.

Miss Ruby Wood of the Franklinville school faculty spent the past week end with her mother, Mrs. C. L. Wood.

of Lumberton was a visitor in the community in the interest of Grange insurance.

Mr. and Mrs. L. D. Long and children of Wayside spent Sunday with her parents, Mr. and Mrs. N. J. Ritter.

Mr. and Mrs. N. J. Ritter spent last Friday night in the home of his sister, Mrs. J. C. Smith of Maxton.

State College Answers Timely Farm Questions

QUESTION: Do you advise planting round grains of seed corn?

ANSWER: The round kernels are just as good for planting as flat ones—and a lot cheaper. So says Dr. F. J. Bell, seed and small grain specialist for the State College Extension Service. Actually, asserts Dr. Bell, the round kernels which grow near the end of the cob contain the same germ plasma, have the same germinating ability and will produce just as good stands as flat kernels grown toward the center of the cob. Since the round grades sell at considerably lower prices, farmers can save money by purchasing this type of seed corn. The grower will need a different type of seed drill, plate from that used with flat kernels, but this equipment can be bought very easily and at small cost. Dr. Bell says corn planters at one time came equipped with flat grades only. Now, he adds, plates may be obtained for round grades also, and there is no reason why a farmer should hesitate to plant this type of corn.

QUESTION: Where can I get information on how to control insects in tobacco plant beds?

ANSWER: This information is given in Folder No. 76 of the State College Extension Service, copies of which may be obtained free from the local county agent or by writing the Agricultural Editor, State College Station, Raleigh. The title of the folder is

"Tobacco Insect Control in North Carolina." It includes three tables—one for insects in plant beds, another for insects attacking newly transplanted tobacco, and a third for those attacking older tobacco.

QUESTION: Will there be acreage allotments on soybeans in

1950?

ANSWER: The answer is no.

Clothing schools and fashion shows for 4-H Club girls and their leaders will be held in Elizabeth City on February 21; in Washington, N. C. on February 22; New Bern, February 23; Clinton, February 24; North Wilkesboro,

February 28; Reidsville, March 1; and Southern Pines, March 2.

Interest in irrigating tobacco is increasing among North Carolina farmers, according to S. N. Hawks, Jr., assistant tobacco specialist for the State College Extension Service.
