

Soil Conservation

By Nat White - Furman Clark
A combination of contour strip cropping and crotalaria stubble almost eliminates wind damage, according to Phil Johnson of the

Wayside community. Phil is strip cropping most of this sandy land using a strip of small grain followed by crotalaria or lespedeza below each strip or row crop. This system of farming greatly reduces soil movement by water, wind or plowing.

Pasture is an excellent crop to use on the acres released by cotton quotas according to Edmund Aycock, Farm Supervisor for Z. V. Pate, Inc. Mr. Aycock has 30 yearlings grazing on a mixture of reseeded Crimson Clover and rye grass in which lespedeza has been sown. These yearlings have been on this pasture since the first of November and he plans to leave them here until they are sold in July or August. He is finishing these cattle off by feeding each eight pounds of corn cob, shuck and cotton seed meal a

Cotton Evening Dress for Spring

Broad, tri-colored panels in the skirt and a high, choker-type collar on the halter blouse give this evening ensemble a regal air. Made by Lotte of Drewyn from Wesley Simpson's "Rustler" cotton, it was selected by Cosmopolitan magazine editors for a spring wardrobe. The skirt, cut full and long, comes in gray-chartreuse-white, or gray-navy-mauve and sells for about \$25. Another \$8 buys the blouse, which buttons to the waist and is in gray, chartreuse or mauve solid colors.

day. These cattle, valued at \$4500, represent the crop from one hundred acres of land.

Mr. Aycock has his cows and calves on permanent pastures. One of the pastures has a mixture of Dallas grass and White Clover.

The others have mixtures of Ladino Clover and Fescue.

limitations, the lift itself could be stretched to as much as 700 miles.

All major commanders of the maneuver predicted that future military exercises will be an elaboration of the technical developed at Swarmer, with the addition of amphibious elements.

In the first three days of the maneuver, a total of 19,055 airborne troops and technicians, and 10,055 tons of equipment and supplies had been moved into the airhead. Air transport units made 1,453 trips with men and cargo.

"We knew when we started that we would make mistakes," said General Hodges, "and we have made several. But we have learned a lot."

One deficiency cited was the need for better organization at the unloading airfields. A plan similar to that used by Navy beachmasters in amphibious operations was suggested at a possible solution to congestion around the airfields.

Candidate For Judge
Of Recorder's Court

Democratic Primary May 27th

It is my sincere desire to be of service to my County in this office. I trust that the voters of the County will nominate me in this primary election. If I am given the opportunity of serving in this capacity, I will accept the office together with its obligations and responsibilities and will faithfully perform the duties of the office to the very best of my ability and without prejudice, partiality, malice or hatred toward any one.

Furthermore, I will cooperate with all branches of our county government, county and municipal officers, schools, churches, civic clubs, all citizens, residents and visitors in our county in discouraging crime, and promoting safety, progress, development, goodwill and good citizenship in Hoke County.

Your vote and active support of my candidacy will be appreciated.
