due to malaria

How mild can a cigarette be?

**MORE PEOPLE SMOKE CAMELS**

than any other cigarette!

and among the millions who do...

**BILL STERN**

Popular sports-caster says: "My voice gets a workout for hours at a stretch. It's mild Camels for me! They agree with my throat!"

Mrs. Tommie Sacca and son left Saturday for their home in Long Island, N. Y. after a five week's visit here with Mrs. Sacca's parents. Mr. and Mrs. J. D. Buoyer. They were accompanied home for a visit by Mrs. Sacca's sisters, Mrs. Dempsey Herring of Georgetown, S. C., and Miss Katie Margaret Buoyer.

**LIBRARY NEWS**

Miss Lydia McKeithan conducted the story hour at Hoke County Library Monday afternoon, at 3:30, for children through the 3rd grade. On Tuesday afternoon, Miss Betty McLean had charge of the story hour for the older group, from the fourth grade up.

Much interest is being shown in the reading project for the summer, and there is a large number of books to select from.

Mrs. Jesse Gibson has presented the book, *The Woman Who Rang the Bell*, by Phillip Russell, to the library in memory of Rev. B. H. Houston, a former pastor of Raeford Methodist Church, who

died at Weldon recently. Mr. Houston was very much interested in Hoke County Library, and served a term as president of the board while living in Raeford.

**MORE ABOUT Farm Notes**

per acre.

**Flea Beetle:** Use same treatment as for Hornworm.

**Aphids:** 1% Parathion dust using 12 to 25 lbs per acre; or

Use Parathion spray — 1 lb of 15% wettable powder to 60 gallons water and use 40 to 80 gallons per acre; or

20% Toxaphene dust using 20 lbs per acre; or

1/2 pint 40% or 1 pint 20%, or 2 pints 10% TEPP to 50 gallons of water. Apply 40-80 gallons per acre. This mixture must be used within 1 hour of mixing; or

1% TEPP dust. 12-25 lbs per acre. This material must be used fresh.

The following insects have caused considerable damage during the last few weeks and in some cases are still attacking the younger plants.

the rate of 10 lbs per acre; or Mix 1-lb Paris green with 25 lbs wheat bran and moisten with water. Use 15-20 lbs and scatter in late afternoon.

**Vegetable Weevil:** Use 5% DDT at the rate of 6 to 10 lbs per acre on plants.

Heavy residues of any insecticide may cause buyer discrimination, therefore heavy doses should be avoided just before priming as far as possible.

Many insecticides are dangerous to handle and use, and the precautions recommended by the manufacturer should be followed. This is particularly true of Parathion and TEPP.

**ADVERTISEMENT FOR BIDS**

The Hoke County Board of Education will receive bids from duly licensed contractors at 2:00 o'clock P. M., June 23, 1950, at the office of said Board, Courthouse, Raeford, N. C., for the Alteration of the Gymnasium Building at the Hoke County High School, Raeford, N. C.

The General Contract will include electrical work.

Bids will be received for Plumbing and Heating work, combined, separate from the General Contract work.

Plans and specifications will be furnished prospective bidders by the architect, W. D. Harper & Sons, Architects & Engineers, Florence, S. C., upon receipt of \$10.00 plan deposit. Full amount of deposit will be refunded to contractors submitting bona fide bids and returning plans, in good condition, at time of opening of bids. Failure to submit bid shall be deemed a forfeit of full amount of deposit.

Each Bidder will be required to submit with his bid, as a guarantee of his good faith and that required performance and payment bond will be furnished the Owner within 30 days from date of award of contract, security in the amount of 5% of his bid. Two-fifths of such be in the form of cash or certified check. Three-fifths may be in the form of a bid bond.

No bid may be withdrawn for a period of 30 days from scheduled closing time for receipt of bids.

The Owner reserves the right to reject any or all bids and to waive informalities in the bidding.

K. A. McDonald, Secretary  
Hoke County Board of Education.

By Order of the Board of Commissioners of Raeford, N. C.  
Wm. L. Poole, Mayor. 1-4C

**Boll Weevil Loss Worst Since 1942**

Actual news stories emphasize the terrific toll taken annually by cotton insects.

Cultispray effectively controls cotton insects — saves you time, money and labor. Only Cultispray lets you spray while you cultivate, saving you an extra trip through fields.

With Cultispray and new organic insecticides, you can forget about dusting—a disagreeable, expensive, time-consuming job.

Cultispray, lowest priced complete spraying unit, is designed for the South... fully tested... fits any tractor.

Take a tip from Southern farm experts: "The operation cost of applying materials may be saved by spraying equipment being attached to the cultivator and used at the same time the crop is cultivated."

See Cultispray before you buy—and you'll buy Cultispray!

There's only one Cultispray!

Available for all makes of Tractors  
We have BHC Dust and 60% Toxaphene Arsenate of Lead Paris Green and 40 W Gyphene
