Highlights To Dramatize Your Home

Grand Rapids Guild Room Photo

Let framed pictures be your spokesman in setting the "locale" for your interior decorating scene. Here the French Provincial double chest is appealingly enhanced by these attractive prints arranged to really start tongues wagging about your ingenious "flair" for styling. Against a pine green wall, these pictures, matted with a red background and in frames of natural wood coloring, will create that intangible stamp of taste "unqualified."

With October—National Picture Month—looming over the horizon, you won't want to miss this opportunity for purchasing really beautiful pictures for your home.
