This year, every dollar's worth of NATURAL CHILEAN NITRATE of SODA PAYS BIG EXTRA PROFITS!

300 lbs. of Chilean Nitrate increased yields of oats 35-40 bu. per acre.

Dollar return: almost 4 to 1. Chilean Nitrate also improves the feeding quality and the protein content of forage crops.

200 to 300 lbs. of Chilean Nitrate produced 150 to 200 pounds more lint cotton per acre.

Dollar return: about 10 to 1. You can't afford not to invest in natural soda this year!

300 lbs. of Chilean Nitrate increased yields of corn about 20 bushels per acre.

Dollar return: almost 4 to 1. Chilean Nitrate means maximum yields for maximum profits!

HERE'S WHY: Nitrogen content - all nitrate nitrogen ... fast-acting ... completely available ... the only natural nitrate in the world.

Sodium content - contains 26% sodium (equivalent to 35% sodium oxide) ... sodium is essential to maximum yields ... substitutes for potassium, where lacking, and makes soil phosphate more available ... helps "sweeten" the soil.

Other plant foods - natural traces of iodine, manganese, potassium, magnesium, boron, calcium, iron, sulphur, copper and zinc.

Urelic Natchel says "Look for the bulldog on the bag. It means natchel soda in free-flowing pellet form. Used now for over one hundred years."
