SPOTS OUT Almost every common spot or stain can be removed at home by following a few simple rules. It pays to know the basic principles of stain removal and have on hand a guide book which tells the best way to treat different types of stains.

Specialists tell us the first rule for taking out any spot is prompt treatment. The longer the stain remains on the fabric, the more difficult it is to remove. Try simplest methods first. Sponge a sticky or nongreasy stain with cold water; a greasy stain with

carbon tetrachloride or some other cleaning fluid which is a grease solvent. Avoid hot water on an unknown stain because heat may set it

General rules: Treat stains as soon as possible. Don't let stains dry.

If the stain is not greasy, try sponging it with cold water. Sugary stains are easily removed with clear water. If the stain contains grease, a dry-cleaning fluid or soapsuds may do. A fruit-flavored ice-cream stain should be treated as a sugar, egg, grease, and fruit stain.

Maybe you're missing something BIG

WE know how you feel when a car has given you faithful service. You like it. You're loyal to it. And that's only human.

But just suppose you found out that some other car could make familiar roads seem a lot smoother.

Suppose some other car held the curves in a way you'd never felt before.

Suppose some other car had more thrilling power—steered like a dream—held its course like an airliner on the beam—and let you finish a long day's drive feeling daisy fresh.

Wouldn't you feel you're missing something big unless you tried it out?

There is such a car. Its name is Buick.

It has big soft coil springs on every wheel. It has a Fireball Engine. It has a "front-end geometry" that does miracles with steering. And it has Dynaflo Drive.*

And incidentally, it wears a price tag

NO OTHER CAR PROVIDES ALL THIS:

- DYNAFLO DRIVE* • FIREBALL ENGINE 4-WHEEL COIL SPRINGING • DUAL VENTILATION PUSH-BAR FOREFRONT • TORQUE-TUBE DRIVE WHITE-GLOW INSTRUMENTS • DREAMLINE STYLING BODY BY FISHER

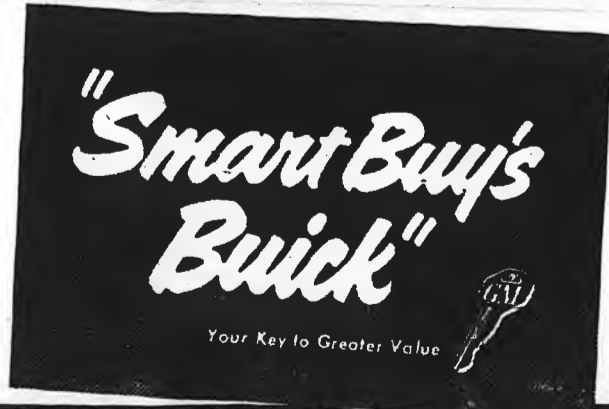

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

that makes it a very smart buy compared to anything else you own.

We'd like to have you try this car. You'll never know what you're missing till you do.

How about giving us a call—or coming in to see us real soon?

Equipment, accessories, trim and models are subject to change without notice. *Standard on ROADMASTER, optional at extra cost on other Buicks.

See us HERE! AT FORD, ABC, Newark, every Major center.
