## YOUR SCHOOL NEWS

By K. A. MacDonald

The Board of Education will journey to Raleigh again tomorrow for a conference with the Division of School Planning, hoping to work out something that will get the Raeford Graded School project under way.

The board will have a meeting Monday night to discuss insurance with the Director of the Division of Insurance and to discuss anything that may come out of Friday's trip.

David F. Lindsay, member of the Board of Education, and K. A. MacDonald attended the meeting of the State School Board Association held in Chapel Hill on Tuesday.

C. E. Crawley, Bus Route Engineer for the Division of Transportation, finished checking the bus routes in the county on Tuesday. He approved some of the changes requested and turned down some. We got about a 50-50 break on our requests.

You will probably be interested in knowing just how much your schools cost to operate during the school year 1950-51. Below is a resume of funds spent by sections of the budget and the source from which they came. State, County, Federal.

The total enrollment last year of pupils in the county was 3,915 as of June 30. This included 140 veterans enrolled at this time. The per-pupil cost was \$124.57. This per pupil cost is still far below the national average and some below that of the state. Next week is National Education Week. All schools in the county are taking note of this and will celebrate it in various ways. Some will have special class work, others chapel programs. There will be some special exhibits and some will have open house and all schools will welcome visits from parents and interested friends. We urge you to visit your schools during this week. Hoke High plans a special "Open House" on Thursday evening, November 15, at 8 o'clock. All high school patrons and friends are especially invited to attend and see the new facilities that have recently been put in use.

### ASK FOR MAIL SERVICE

Postmaster Lacy Clark said this week that mail was being delivered to the street addresses of only those who have requested it. This may be done by filling out a simple card at the post office, similar to a change of address card.

## Wreck, Fire Block Highway Wednesday

A trailer-truck loaded with 50 bales of cotton and a Packard sedan collided on Highway 15-A one mile south of Raeford at about six-thirty last Wednesday night. The car, hit the gas tank just behind the cab of the tractor and it exploded all over both vehicles and a furious fire was going on once.

Driver of the truck was Walter Parker, colored, of Dunn. He was not seriously hurt in the collision and his quick and brave action in getting the driver of the Packard, W. R. Fendley of Fayetteville from the burning car probably saved his life. Fendley was seriously smashed up and was admitted to a Fayetteville hospital. Parker suffered third degree burns on his arms, face and neck. Loss of the truck and cotton was estimated at about \$22,000 and the car at about \$2,000.

The Raeford Fire Department went to the scene, but the fire was not the kind that is readily put out and it burned for some time during which traffic was blocked on the road and backed up on both sides of it for about a mile from the scene.

State Highway Patrol investigated and said that both vehicles were on the wrong side of the road.

On Sunday afternoon a 1965 Chevrolet driven by Albert Douglas, colored, of Red Springs, turned over into the branch at the scene of the other accident. No one was hurt.

## Hoke High Wins Over Erwin Here Friday, 13-12

Bucks Seek Fifth Victory Of Season Against Fairmont Here Tomorrow

Hoke High School's Bucks defeated a good Erwin team here last Friday afternoon, 13-12 in a game that was played in the rain and mud and in which C. J. Benner's true toe turned out again to be the margin between the teams. Both teams were slowed greatly by the playing conditions.

The Bucks tallied first in the second quarter on a drive covering 60 yards. Phillips threw to Lovette on the 40 and Sessoms carried to the 25. Phillips threw another to Lovette on the 10 and Benny McLeod went across from there for the touchdown. Hoke High led at half-time, 6-0.

The Bucks came back after the intermission and drove for another touchdown to start the second half. Sessoms and McLeod moved the ball down to Erwin's 20-yard line and then a pass from Phillips to Lovette was good for the score. C. J. Benner (Abe) Benner's kick was good and the Bucks led 13-0.

Erwin came back fast and dominated the final quarter, scoring twice, but failing in both attempts for points after touchdowns. One score came on a 10-yard pass and the other on a beautiful 60-yard punt return.

Bobby Brown, Dick Baggett, Joe Culbreth, Billy McCormick, Malcolm Davis and Bobby Lundy all performed well in the Hoke High line.

Next contest for the Hoke High Bucks is in the park here tomorrow afternoon with Fairmont High being the opponent. Kickoff is set for three o'clock.

## Town Board Sets \$1.50 Tax Rate Monday Night

The town board got busy at their meeting Monday night and officially set the tax rate this year at \$1.50 per \$100 valuation. This was the first meeting of the board after the town voted favorably on the \$30,000 water bond issue. It had been expected that the tax rate might have had to go even higher had the bond issue been disapproved by the voters, and this was the reason the board wanted to act on it. The rate was \$1.33 last year.

The board unanimously voted to accept the gift of the unused lots in Robbins Heights from Raeford Betterment, Inc., and to give the property in turn to Robbins Mills, who have agreed to accept it and to use the property for a playground.

Dr. M. R. Smith, representing the Hoke County Dental association, appeared before the board and presented the case for fluoridation of the water supply as a means of preventing the decay of teeth in children. This has been done in many towns and cities in the country, and is endorsed by the leading dental and medical organizations. The board appears to favor the move, but did not act on it at present in order to allow investigation of expense involved. The town is not in position to install the fluoridation apparatus now if it is very expensive.

## County Board Has Regular Meeting

The county commissioners held their regular monthly meeting on Monday with Commissioner W. M. Thomas being absent in the hospital.

The board approved the employment of Mrs. Ray Griffin as a child welfare worker for the county to be paid by the State.

Also approved was a system of running real estate transfers through the county accountant's office and the requirement of a "Real Estate Transfer Record" on every transfer before recording by the register of deeds. This will enable McGoogan to keep records on the tax books as to who owns property in agreement with the records in the office of the register of deeds.

The board voted to rent the Bethel community building to Luther Clark for an indefinite time for the holding of square dances. They reserved the right to terminate this agreement at any time.

It was decided to ask the PMA to allow the Soil Conservation service to use the office in the county office building next to the county agent and for the PMA to use the present Soil office for storage.
