In every way, more car for your money !

Ford gives you V-8 power like that of costly cars . . . fine car build . . . fine car ride and "at-home-everywhere" good looks - but the price tag never moves out of the low-price field

Everywhere you go people are making the swing to Ford. And can you blame them? Many cars costing over \$1000 more offer no more of the things you need and want. Here are some of Ford's "Worth More" features . . . but to get the full Ford "Worth More" story, Test Drive a new Ford today!

Less front-end road shock. The kind of shock you feel most is reduced up to 80% with Ford's new ride. You get a smoother, more balanced, more comfortable ride all around!

Suspended pedals are designed to work easier and make foot space of your Ford's entire floor area. Suspended pedals are also a "keep out" sign to dirt and drafts . . . make it easier to keep the floor clean!

Smooth V-8 power is exclusive to Ford in its field. And Ford's Mileage Maker is the most modern Six you can own! Both the V-8 and Six-cylinder power plants deliver their hill-climbing "go" on regular gas—and not much of that, thanks to Ford's Automatic Power Pilot!

An extra suitcase will fit into Ford's luggage compartment—the roomiest in the low-price field. In fact, Ford's combined luggage and passenger space is the greatest in the low-price field . . . compares with that of many cars of higher price.

Center-Fill Fueling permits filling your Ford from either side . . . saves you time when refueling . . . and puts an end to hose scratches on your fender!

Curved one-piece windshield (below) and large picture windows, give Ford the most "look out" area in the low-price field . . . another reason your Ford is worth more when you buy it . . . worth more when you sell it!

See it . . . Value Check it . . . Test Drive it . . .
