THE CHURCH FOR ALL . .

The Church is the greatest fac-or on earth for the building of

tor an earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should rattend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and notion. (4) For the sake of his church test, which needs his morad and material support. Plan to go to church regularly and read your Bible daily.
