

**“The
Old Town’s
Growing
MOM!”**

**Remember
MOTHER
On May 8th**

“Yes, Mom, you can remember when Raeford was quite a small village, with mostly dirt streets, all unmarked, and much cotton growing inside town! But it’s getting to be quite a city now . . . and growing every day! And we’re sure proud of our city, aren’t we, Mom!”

And What a Nice Shopping Center Our Town Is Now!

“You’ve always told us, Mom, how friendly and kind Raeford merchants have been through the years. And the remarkable thing is the growth of so many of the Raeford stores in recent years. Remodeling and ex-

pansion are almost by-words in local stores these days. And service - - - why there’s hardly a thing anymore that you can’t find in one of our local stores. Yet that same courteousness remains.”
