Recent contributions to The News-Journal Cemetery Fund have been made by Mr. and Mrs. A. D. Peterson in the amount of \$5 and by Mrs. Ada Pate Hovis for the same amount.

Several contributions have been reported for the Hoke Rural Fire Department this week. Some were for one dollar, and Mrs. Clara G. Jones and Miss Vera McGougan sent \$10 each. Now is a good time to make your contribution, for this department will begin to get busy and need money worse as the weather gets colder, unless things are different this year.

You may be interested to know that The News-Journal now has a great-grandmother for a correspondent—red headed, too, last time I saw her. Mrs. A. A. McInnis, of "Rockfish News" fame, says it "doesn't seem to make me feel much older as yet, but I know that it is true, when you get to be a great-grandmother you are no spring chicken." That may be true, but we'd say she is a right sprightly one, spring or not.

Same subject, different angle. . . Barber Dan McInnis, son of Mrs. A. A., spoke of the same event rather quaintly while cutting my hair the other day. Dan said, "Did you hear that Smith grandpawed yesterday?"

I have been reading of a community scholarship fund started and sponsored by a weekly newspaper in a little Wisconsin town, and the idea seems to have considerably possibility here. In the 11 years they have sponsored the fund 71 students have received grants of money for their educations, and more than \$45,000 has been raised. The good effects from such a program would be almost immeasurable, I would say, and all of the money has been voluntarily contributed, like to our cemetery fund, with no other form of solicitation whatever. When I get to study the idea some more, maybe I'll spring it on you, and in the meantime if you have a comment on the idea I would like to hear it.

Clipped the following from the "Tar Heel Banker" some time ago, in the feeling that it applied to me, and certainly would be good reading for anyone in any kind of business. Read it and see what you think.

"A customer is the most important person ever to come into our place of business, in person, by telephone, or by mail.

"A customer is not dependent upon us; we are dependent upon him.

"A customer is not an interruption of our work; he is the purpose of it. We are not doing him a favor by serving him; he is doing us a favor by giving us the opportunity to do so.

"A customer is not an outsider to our business; he is part of it.

"A customer is not a cold statistic; he is a human being with feelings like yours and mine.

"A customer is not someone to argue or match wits with. Nobody ever won an argument with a customer.

"A customer is a person who brings us his wants. It is our job to handle them profitably to him and to ourselves."

"An insurance company says, 'If we gave you your choice of the following and you had to decide immediately, would you take Plan I or Plan II?'

"Plan I: We pay you 5c today and double the amount each day for one month.

"Plan II: We pay you \$500 per month, starting now, for the rest of your life.

"Most people would choose the monthly income of \$500, but Plan I would pay off better. It would produce \$26,843,545.60, or enough to pay \$500 per month for 4474 years.

"Often we do better by silence than by popping off.

"Few people do any thinking until they start talking, and this talking is usually accompanied by gestures.

"One can handle a hundred typical enemies, but one bitter individual can be a nasty problem, especially if it is a female."

United Fund Campaign Plans Show Progress

Group Leaders Named; Headquarters Opened

Division chairmen of the United Fund campaign to be conducted in Hoke County October 7-23 reported progress in the organization of their divisions this week, and all expected to have solicitors enlisted and all teams complete within the next week, preparatory to the kickoff supper on Monday night, October 6, the night before the drive starts.

Divisions are being organized so that all individuals in the county will be contacted and given an opportunity to contribute to the Fund's \$12,000 goal, with enough teams of volunteer solicitors to insure that only five contacts will have to be made by each.

Headquarters Opened

Through the courtesy of Raeford Furniture Company, the front part of one section of their store is being used as a headquarters for the fund where the various groups can meet for their planning and reporting, and where records on the progress of the drive can be kept. Records are also being kept so that the organization plan and giving record of firms and individuals will be available for the drive in future years.

Through the efforts of the publicity and information committee of which J. W. McPhaul is chairman a large sign has been prepared and placed over the headquarters entrance, and a thermometer for posting the progress of the drive has been erected. McPhaul's group is also preparing charts for recording the progress of each group during the drive and for preparing an "Honor Roll" of firms and groups 100 per cent of which contribute.

Working on McPhaul's committee are J. E. Byrd, W. B. Heyward, John Draughon, and Jack Latkowski.

In the Commercial Division Chairman Carlton Niven announced that V. H. Fulmer is leader of the group which will work firms in the large business group, having five employees or more. Team captains in Fulmer's group are J. I. Hubbard, Luke McNeill, W. C. Phillips and John Campbell. Each of these teams will have volunteer solicitors in specific businesses.

J. W. Canaday is chairman of the small business group of the Commercial Division, with Bobby Carter, Stanley Koonce, Martin Webb, Theresa McBryde and Billy Blake as team captains. These captains are organizing teams of five volunteer solicitors each, and each volunteer is to have five individuals to contact.

In the Professional and Individuals Division Chairman Dr. Julius Jordan has enlisted as team captains Dr. William Barry, Bobby McNeill, William Lamont, Jr., Ken McNeill and W. L. Lancaster. Other than Dr. Barry and Bobby McNeill these will organize teams of five volunteers each to contact the people in their classification. Dr. Jordan says one more team captain is to be enlisted.

In the Public Employees Division Chairman Sam Morris has organized groups in the schools, at the courthouse, the county office building, the health center and the town employees. Still to be organized are the county and state garages and the Post Office.

The Industrial Division is being organized by Co.Chairmen John Morgan and Tom Cameron. Group leaders for the firms are to be Ben Campbell at Pacific Mills, Ralph Plummer and Richard Norris at U. S. Rubber Co., Mrs. Hubert Cameron at Upchurch Milling Co., L. G. Frahm at Priebe Poultry Co., and Miss Margaret Gainey at Hoke Oil & Fertilizer Co.

Chairman Donald Yates of the County Areas Division had only "no community leaders definitely lined up this morning, but he expects to complete this organization within the next day or two. Mrs. R. M. Hooper is the leader for Quewhiffle Township except the Sana-torium, and Mrs. O. B. Israel is to be the leader there.

Much enthusiasm is being shown in organizing the drive, and leaders feel that in getting it set up so that volunteers have a definite number of contributors to contact by name it can be completed successfully in the 15 days as planned.

Marital Dispute Ends With Judge Giving Decision

A young couple involved in marital troubles were arrested for fighting Saturday morning and the wife attempted to take her life by hanging in the Hoke jail, according to Deputy Sheriff D. J. Jones. The husband appeared in Recorder's Court Tuesday and pled guilty of simple assault. Walter G. Sinclair, soldier at Fort Bragg, and his wife, were found having a fight at a service station north of Raeford on US 401 early Saturday morning. He stated that Sinclair had beat his wife's head against the ground.

They were brought to the jail and during the morning the wife, Betty, tore up a blanket and made an attempt to hang herself. Jones said. She was discovered moments after and was unharmed. Both she and her husband had been released under bond, but the woman did not appear in court Tuesday. Sinclair, after pleading guilty of assault, was sentenced to 30 days to be suspended on payment of \$10 and costs.

Other cases came up before Judge Harry Greene Tuesday involving defendants in the usual variety of charges.

Bennie Jackson, white, and Luke Wactor, colored, pled not guilty of violating the prohibition laws by possession and transportation of whiskey. The verdict was guilty and each was sentenced to six months on the roads to be suspended on the payment of \$25 each and the costs of the two cases. The evidence is to be disposed of according to law. The vehicle was released under a \$500 bond. Notice of appeal to Superior Court was filed and the bonds were ordered continued.
