Akron, Ohio—These little tots could do a lot of "wheeling" on this tire, but even with a child's imagination, it wouldn't quite fit their tricycles. It is the world's largest tire, built in Akron, Ohio, by the Goodyear Tire & Rubber Company. The mammoth tire, which stands 10 feet high and is four feet wide, is a research model for a planned line of earthmover and special purpose tires for huge construction machines. With the price of this tire—\$14,000—you could buy a three-bedroom home, and with the nylon fabric used in its construction, more than 7,000 pairs of ladies' hose could have been made. Enough rubber was used to produce 3,200 passenger car tires. Size designation for the tire is 44.5x45, which means the distance across the sidewall is 44.5 inches and the head diameter is 45 inches. It weighs two tons and can carry three tons when equipped with its rim.

last week. She also had the opportunity of attending the last session of Chapter of Eastern Star which was held in Memorial Auditorium in Raleigh.

Mr. and Mrs. W. J. McBrayde's new home is going up nicely now and they hope to be able to move into their new home in two weeks.

The many friends of Charles Howard of Arlington, Va. will be glad to hear that he is improving nicely now in Arlington Hospital where he has been a patient for two weeks.

Mrs. J. W. McPhaul, Mrs. James McPhaul and Joe and Mr. and Mrs. Wade Leggett of Winston-Salem returned home Saturday night after a most delightful trip to Florida.

The Walter McNeils of Charlotte spent the week end at their home in Antioch.

Wheat Acreage Allotments Must Be Filed By July 1st

The ASC county office is accepting wheat allotment applications for certain farms. A producer who intends to seed wheat for 1960 on a farm on which no wheat was seeded for harvest as grain in 1957 and for which a 1958 and 1959 allotment was not established irrespective of whether or not wheat was seeded for harvest as grain in either 1958 or 1959, and who desires to be considered for an allotment must make application for an allotment according to J. H. Blythe, Chairman of the Agricultural Stabilization and Conservation committee.

Application forms are available in the ASC county office for use in filing a request for an allotment. The producer must apply in writing prior to July 1, 1959.

When the temperature of an egg holding room is maintained at 60 degrees and the humidity is kept at 80 per cent, eggs will be of top quality at the end of a week. Tar Heel farmers spent 13.7 million in 1958 for conservation practices.

Activities Around Antioch

William Huske of Fayetteville was a guest of Mr. and Mrs. J. W. Hasty and family on Sunday and attended church at Antioch.

Mrs. Frank McGregor returned home on last Tuesday from Cape Fear Valley Hospital in Fayetteville after being a patient there for over three months. She is doing very good at last reports.

Mrs. Gower Crosswell and sons and Miss Bonnie McLaughlin returned home Friday night from Montreal. They came back by Spartanburg, S. C. to visit with "Miss Fronde" and Mrs. L. M. Kennedy.

Mr. and Mrs. Radford Collins spent the week end at Crescent Beach.

Charles Conoly from Charleston, S. C. spent the week end with his parents, Mr. and Mrs. C. C. Conoly, and Ellen.

Preston Phillips of Clio, S. C. is visiting his mother, Mrs. Eugene Maxwell, and Mr. Maxwell for awhile.

The Rev. and Mrs. Gower Crosswell and boys left Sunday afternoon for a week's stay at Long Beach. They were joined there by Mrs. Crosswell's brother, the Rev. and Mrs. Wills Kennedy and children of Richmond, Va.

Bridge Party
Mrs. W. T. Everleigh entertained the Antioch Bridge Club on Friday night at her home. The entertaining area was most attractive with arrangements of mixed summer flowers. Three tables were arranged for bridge and one table for canasta. When scores were tallied Mrs. Archie Howard was winner of high score in bridge and Miss Sara McKenzie in canasta. The hostess served a delicious sweet salad plate.

Mrs. Johnny McPhaul of Winston-Salem is visiting Mrs. Kate McPhaul this week while Johnny is attending camp.

The Rev. Gower Crosswell and W. T. Everleigh are attending the meeting of North Carolina Synod in Charlotte this week.

Mrs. R. K. Lewis and family of Miami, Fla. are visiting Mrs. Lewis' mother, Mrs. J. H. McKenzie, and family.

Mrs. J. M. Andrews attended Farm and Home Week in Raleigh

For low-cost farming there's capacity aplenty

with the JOHN DEERE 430

Here's modern earning power—BIG-tractor work capacity at smaller-tractor costs! A "430" Tractor pulls a 3-bottom plow under most conditions . . . operates big-capacity PTO machines . . . cultivates up to 60 acres a day (Tricycle or Row-Crop Utility and a 4-row cultivator) . . . matches the output of much larger tractors on planting, haying, and other operations. Yet the first cost is low. So are fuel and maintenance costs. There's a full matched line of low-cost, time-gaining, labor-saving tools. Look over the "430" Series with modern "take it easy" features, such as "live" Touch-o-matic, 3-point hitch with Load-and-Depth Control and power steering. We'll demonstrate.

I WON MY ARGUMENT!

By Having Proof I'd Paid My Bill in Full.

At least once a month you pay different bills. If you get a receipt it is hard to keep track of 'em, that's why I took out a BANK OF RAEFORD Checking Account. Now I have all my "receipts" IN ONE FILE: my BANK OF RAEFORD Cancelled Checks.

TO Win Your Argument
