Guard

Continued from page 1

rioting and looting which broke out over the state the night after King was gunned down in Memphis, Tenn., as he stood on the balcony outside his motel room.

Gov. Dan K. Moore, who ordered the Guard into the fray, was high in his praise of the troops, as well as of state patrolmen and other civilian authorities.

Reports indicated damage was extensive in Wilmington and several other North Carolina cities, but nothing to compare with that sustained in a number of northern metropolitan areas. Hardest hit during the riots appeared to Baltimore and Washington.

Dickson said his men were armed with rifles, pistols, machineguns and tear gas, but did not fire a shot during the four-day stay in the coastal city. They were fired upon several times by snipers, according to reports, and used tear gas on several occasions.

Reports from local Guardsmen who spent the four days in Wilmington indicated most of the trouble came from young Negroes, some apparently as young as 11 and 12 years.

Store windows were broken and considerable looting took place, mostly before the Guard was called out, according to reports. About 15 fires of incendiary origin also were reported.

Registrars

Springtime is fun time—time to do things and go places. Maybe a flying trip to Waikiki Beach or a simple picnic with the family. An electric dishwasher will help you go. In barely ten minutes you can load it, start it and forget it. Then you're free!

An electric dishwasher provides other benefits, too. It scrubs your grimeiest pots and plates with scalding hot detergent water, rinses the dirt and bacteria down the drain with more scalding water and then dries them in hot air to make each piece safe for your family to use again. Join the women who have more

Announcing Chevrolet's new Torque-Drive.

Nobody else offers anything like it at the price.

Torque-Drive does away with the clutch pedal. Most of the shifting, too. And for the most economy, it's available exclusively on all Camaro sixes and Chevy II

Nova 4- and 6-cylinder models. Look how simple it is. You accelerate in 1st, then shift to Hi for cruising. That's all. If you like, you can even start in Hi. And accelerate from standstill to cruising speed. It's just a little slower that way.

The shift lever is conveniently located on the steering column, and there's a selector quadrant with easy-to-read indications. Park-R-N-Hi-1st. Only your Chevrolet dealer has it—clutchless driving at only \$68.65.

The first no clutch one shift

\$68.65*

transmission

Only Chevrolet has it.

*Manufacturer's suggested retail price including Federal Excise Tax, State and Local taxes additional.
