SPEAKER HONORED - VFW Post Commander Roy Jackson, right, presents a certificate to the Rev. Jack Mansfield for the speech he gave honoring the VFW's observance of Loyalty Day in Raeford last Friday.

DECA To Stage Spring Musical

This coming Friday night the Hoke High Creative Dance Group sponsored by Miss Betty Leak with the assistance of the DECA club will present a Spring Musical. It will be held at the Raeford Elementary School Auditorium at 8:00 P.M. The theme of the Spring Musical is "The Wonderful Sound of Music." The program will consist of eleven different types of songs or dances.

The lucky young lady who sells the most tickets will be crowned "Miss Spring Musical." The contestants running for the title are as follows: (1) Willie Mae McNaair (2) Pam English (3) Eva Oxendine (4) Morverra McAllister (5) Pauline Goins (6) Gloria Baker (7) Janice Cunningham (8) Vickie Stephens (9) Patricia Locklear (10) Linda Miller (11) Faye Douie (12) Kim Jordan.

Farm Items

By W. S. Young & T. S. Baker
County Agricultural Agents

Changes are occurring fast in the insecticide and herbicide fields as far as farming is concerned. The newest idea is to place herbicides on crops by the foam applied method. It is working well on cotton and on some vegetable crops. This method has three distinct advantages (1) It cuts down substantially on the amount of chemical needed for spraying; (2) It keeps the weeds in a moisture saturated atmosphere for a longer period of time (3) foam devices are easily constructed, are simple and economical to use (4) Materials can be placed exactly where you want them with no drift of materials. Some techniques need to be worked out yet so the foam will stay on the weeds longer. Tests have shown that 300 to 400 gallons of foam is formed from one gallon of water.

Farmers should watch this development because it might be a way to cut down on costs of materials for weed control work.

Private landowners with large forest tracts are invited to come and see the many different practices demonstrated. These will include pulpwood thinning, winter burning, site preparation, long leaf stumping operation, trash dumping and fire hazards, complete cutting and reforestation of hardwoods.

The program will start at 9:30 a.m. at the Long Hill School on 401 North of Fayetteville and will end up about 3:00 p.m.

We would like to know by May 11th if anyone is going from Hoke County. This will enable them to prepare for lunch for the group. Call the County Agent's office, if you are interested.
