Traffic Is A Problem At Raeford Elementary

By J.W. Turlington

The traffic in our school yard is getting to be somewhat of a problem but more so it is becoming dangerous for the children who are dismounting from buses and the children who are getting off private automobiles. The traffic is confusing to all. Some of the children forget the buses, some forget the cars coming into the parking lot. There have been several misses both by buses and cars this year.

We wish to do all that we are able to prevent a child getting injured even the slightest.

CARD OF THANKS

I wish to thank our friends for the many acts of kindness shown during my recent illness. Mrs. Janice Pickler
