Lennon To Address Luncheon On Voting

Around Town

BY SAM MORRIS

The books will be open at the polling places again Saturday for anyone who isn't registered to vote in the general election on Tuesday, November 3. We understand that in the town bond election last Saturday, that some came to vote who were not registered. So if you are not sure go by your voting place and check to be sure.

Congratulations to coach John Pecora for being named "coach of the week." He and his staff have done an excellent job this year. So show your appreciation for this fine job by attending the next three games. Follow the Bucks to Dunn Friday night and give them your support.

The performance of the Hoke High School band between halves at the game last Friday night was something to behold. The music and the marching was excellent. We again offer our praise to Jimmy James for a job well done.

We are grateful to the citizens of Raeford for their vote on the bond issues last Saturday. The turnout was small, but still large enough to show the city council that the people are behind them.

We appreciate the following letter received from city manager John Gaddy. The letter follows:

On behalf of the Mayor and City Council I would like to take this opportunity to thank you and the staff of the News-Journal for your support in the recent Bond referendum authorizing the City to spend money for the betterment of our City and to assure our residents the best, in utility service, not only to-day, but for the future as well.

The free turn gut end affirmitive backing from the public assures the City

council of the expectation and desire of the people in Raeford to go forward in their endeavor to keep Raeford a good place to live, work and raise their

Thanking you again, I am.

Yours truly. John D. Gaddy City Manager

The following letter is self-explanatory. We are grateful to Mrs. Harris for her kind words about the paper.

Dear Mr. Morris:

Thank you very much for the flowery notice of the expiration of my subscription to the paper. I knew that I had missed the paper one week several weeks ago but did not stop to think that the subscription may have expired when the next week it came. I did mention this to my mother (Mrs. Clifford McNeill at Howell Co.) when she was visiting me recently and assumed that maybe she had spoke to you about it. At any rate I am enclosing my check for the renewal and want to thank you again for sending the paper to me. I always enjoy the paper and even though many of the folks I knew and went to school with are scattered now, they occasionally visit Raeford and get in the news.

"One thing I would appreciate your mentioning in your column for me is that the graduating class at Hoke High for the year 1947 will have a 25th anniversary (I'm not that old, am I?) in June of 1972 and I, ALONG with several others have been toying with the idea of a 25th reunion. We attempted one on the 15th anniversary, but something happened and plans were never carried out. I am wondering how many in the reach of your paper would be interested and how much interest could by stimulated toward such an occasion. It is certainly not too soon to begin planning for such an occasion with so many of our number scattered to the four corners of the world, so to speak.

"If there are those who are interested, I would appreciate hearing from them with any ideas they may have and any information they may have concerning the whereabouts of members of the class.

Thank you very much.

Sincerely, Jean Ray Harris Office Manager 3309 Bragg Blvd Fayetteville, N.C. 28303"

Three Charged In Vandalism

Four plate - glass windows in the Johnson Company were broken by drink bottles early Friday morning and three Red Springs youths were arrested after a chase through downtown Raeford shortly after midnight Friday.

Arrested in connection with the damage were Bobbie Rawls and Donald Barton of Rt. 1, Red Springs and Alton Bullard of Rt. 4, Red Springs.

City policemen J.C. Barrington and G.G. Faircloth said they saw Bullard throw a bottle through one of the windows and heard other glass shatter. Then they saw the three boys run away. Then they saw the three boys run away from the building.

Bullard was apprehended and placed in the police squad car, but escaped as the two policemen were chasing the other youths, Faircloth said.

After they had arrested Barton and

Rawls, they drove along South Main near the new textile industry under construction and saw Bullard walking along the highway, Faircloth said. They gave chase and Barrington fired a warning shot at Bullard, according to Faircloth. He said Bullard stopped at the shot and was placed under arrest.

The youths were tried in District Court

Friday with Judge George Stuhl presiding. Barton and Rawls were found Friday not guilty after Barrington testified that he did not see them throw anything.

Bullard was found guilty and sentenced to 60 days suspended and fined \$10 and costs. He was also ordered to pay \$100 restitution to The Johnson Company

City Approves Recreation Fund

Joint city-county recreation fund was approved Monday in a special meeting of

the city council.

The council voted to provide \$1.500 if the county would furnish the remainder of the funds.

The motion was made by Councilman J.D. McMillian and seconded by Councilman Crawford Thomas.

Earlier this month United Fund officials Ed Murray and Sam C. Morris appeared before both the county

request that local government take over the funding of the recreation program. The program has been financed by the United Fund in recent years. This year

the recreation agency submitted a request for \$6,000 from the Fund and officials decided to ask the city and county government to fund the project.

The city council met in a special session Monday afternoon to approve the bond issue passed in an election last Saturday. The recreation fund was also approved at that meeting.

In addition to the \$140,000 provided by the city, federal grants of \$103,000 will be available. Another \$29,000 from a previous city bond issue will be spent by the city to construct the new water and sewer lines.

The new utilities will serve Knit-Away. Inc. and the Holly Park subdivision as well as overloading on the present sewer

An 18-inch sewer line will be constructed parallel to the present 12-inch line which is now inadequate and frequently overflows near Raeford Turkey Farm. The new line will be the third sewer line built along the same route. According to the engineer's study. the 18-inch line will be large enough to allow for expected industrial and residential expansion, city manager John D. Gaddy said.

The city expects the new knitting industry to add \$30,311.74 a year to city revenue for water and sewer service. Debt service payments on the bonds will amount to \$23,660 a year, Gaddy said.

Construction of the water facilities is expected to begin soon, Gaddy said. Final plans for the sewer line are not complete
