Army Retirees Invited To Ft. Bragg Open House

Approximately 9,000 retired Army personnel living in North Carolina have been invited to attend Ft. Bragg's "Open House" for United States Army Retired Personnel on June 3.

The Open House, scheduled from 9 a.m. until 3:45 p.m., will include a one - hour briefing on facilities available at Ft. Bragg for retirees and an opportunity to discuss benefits and rights related to Social Security and the Veterans Administration.

Also included will be visits to the 82nd Airborne Division and John F. Kennedy Center for Military Assistance and a

first - hand look at the CSA transport aircraft.

Lunch may be purchased through a mess hall during the tour and those needing new identification cards may have them made during their visit. Dress is optional.

Several hundred persons are expected to attend, and retirees are asked to make their own housing arrangements and if possible to restrict attendance to retirees only.

Limited housing facilities are available through the Ft. Bragg open messes and guest houses. The exact starting location, will be announced later.

Hoke ASCS News

By THOMAS R. BURGESS

Farmers participating in the feed grain, wheat, or cotton programs are urged by Tom Burges, County Executive Director for the Hoke County ASCS to get answers to any questions they might have before they certify set - aside and crop acres.

"Call, write, or come into the county ASCS office. Be sure you know exactly what you're certifying before you sign your name."

Producers who are participating in the feed grain, wheat, or cotton programs must certify set - aside and crop acres at the county ASCS office as soon as possible.

As soon as a producer certifies, the county ASCS office begins processing the data for payment which will be made soon after July 1. Payments are expected to be completed before the end of August.

"We want to prevent any mistake in certification. It could cost a farmer all or some of his payment. Once he has certified, he can't make adjustments in order to be in compliance. He has to be in compliance when he certifies. If a spot - check shows he has made a mistake, he is out of luck."

"So if there's a question or doubt in a farmer's mind about exactly what is required, he should ask our ASCS office as soon as possible. It could save him money."

Farmers are urged to certify set - aside and crop acres as soon as possible, but not later than June 20. Remember early certification will help speed payments.

FARM STORAGE AND DRYING EQUIPMENT LOANS - Grain farmers are

reminded that now is the time to start planning for the storage of their grains at harvest time.

Loans are available at their county ASCS office to assist them in purchasing grain storage and drying equipment. This program has recently been liberalized with lower interest rates and an increase in the maximum loan amount. The previous loan limit of \$5,000 on drying equipment has been removed which makes it more attractive to farmers needing wagon type equipment.

Hoke County farmers are urged to take a look at their need for grain storage and drying equipment, and then visit their county ASCS office to discuss the details of the program.

Movable ladders should be strong, in good repair, and stored in a dry place. Broken or rickety ladders should be destroyed. Many people are injured when they fall from ladders placed against a building at too steep an angle for stability, or too flat an angle to provide sure footing.

Some people will do anything to get their kids through college.

They have to. Because when their kids are ready for college, they're not ready to pay for it.

It could happen to anyone. But it doesn't have to happen to you. Not any more.

Now there's Incontrol. Southern National Bank's unique money management plan that gives you a personal financial counselor.

You know it is important to start saving early for college.

Your Incontrol man shows you how. But he gives you much more than

a savings program. It is just one part of an overall plan that considers all your goals.

Of course if it's too late to save enough, he has other solutions.

Before it's time for college, take time to see your Incontrol man.

It'll be an education.
