BUBBLE - Sheree Leggett shows what a big bubble she can blow in school. Are students allowed to chew gum in class now? Not ordinarily, her teacher at West Hoke, Mrs. C.M. Lyons says emphatically. The bubble gum was a reward from health worker Peter Garret, who took blood samples from the youngsters as part of a hookworm control project being conducted in cooperation by the schools and the health center.

The world's most deadly animal may be the sea wasp, a five - inch jellyfish which drifts with the waters off northern Australia. Swimmers brushed by its trailing tentacles usually die within five minutes from cobralike venom. There is no known antidote.

Kings Visit Space Center

Mr. and Mrs. Nelson B. King, Jr., of Raeford, visited the world's largest space exhibit during a recent trip to Huntsville, Alabama.

The Alabama Space and Rocket Center is designed to let the visitor be the astronaut. The Center contains many educational exhibits that permit involvement in rocketry and space travel.

The Kings viewed spacecrafts used by astronauts, saw a full - size moon rocket close - up, and walked on a simulated moon crater. They snacked on space food, fired a rocket engine, operated a lunar landing computer, and viewed a futuristic space station mock - up.

The Alabama Space and Rocket Center features the world's largest collection of rockets, missiles and space vehicles. The Center is located five miles west of Huntsville, Alabama, on Highway 20, and is open every day to the public.

CMA To Accept Day Students

Day students from this area will be accepted again this year for enrollment at Carolina Military Academy according to Headmaster Carson S. Tyson. The opening date for the 1971 - 1972 session has been set for September 6th.

Tyson also reports that for the second year girls will attend the private, preparatory school on a day student basis only and that they will be subject to the same rules and regulations which were in effect last year.
