### COMMENT

The New Year brings us all an opportunity to try to do better than we have in the past. Billy Graham has asked people to pray for this country during this year and when we hear of some of the terrible crimes committed we know there is need for prayer and every influence that can be used to prevent wrecks and killing on the highways, robberies and intended murders and accidental killing. So even if you don't like Billy Graham you do love your country so please join in prayer for our country this year.
