SOUTH HOKE BLAZE—The home of Mr. and Mrs. Harvey MacGregor was engulfed in flames when the fire trucks arrived Thursday morning. The house was gutted.

Blaze Guts Family Home

Twelve persons escaped without injury from a house about two miles east of South Hoke School Thursday morning when a fire raged out of control.

The home of Mr. and Mrs. Harvey MacGregor was termed a total loss, according to North Raeford Fire Department Chief George Baker. All of the family's belongings were destroyed and they got out with only the clothes they were wearing, he said.

The five room cinderblock house was engulfed in flames when the firemen arrived and the roof collapsed within minutes. The Stonewall Fire

Department was called to assist and brought their water truck.

Baker said Mrs. MacGregor, who was asleep, and 11 children were in the house when the fire broke out. Mrs. MacGregor's husband had left for his job at McCain Sanitorium early in the morning.

Distraught, the woman was not able to immediately determine if all 11 children were out of the burning house safely, he said. All were found in the yard unharmed, some of them crying.

Cause of the blaze has not been determined. Baker said it appears to have started in a rear bedroom.

OUT OF A HOME—Mr. and Mrs. Harvey MacGregor stand in front of the still smoking ruins of their South Hoke house Thursday. The MacGregors' granddaughter was one of eleven children who escaped the blaze safely.

Chemical control of some wheat diseases may pay at present wheat prices if conditions favor serious infections. A potential yield of 40 to 60 bushels per acre should support the cost of treatment. The leaf blotches give the most trouble if the weather is cool and wet for long periods of time. The first application should be made when about 25% of the heads have emerged from the boot. A second application should be made in nine to ten days for best results. Tithane M-45 or Manzate 200 are recommended at one and one half to two pounds per acre with a spreader sticker. By air, five gallons of water will give good coverage.

or never received the material. A specific form must be completed and signed by the producer.

On March 16, cattle growers will have to certify again in writing that cattle and sheep marketed for slaughter have been withdrawn from DES for 14 days

A number of products called "soil activities" are being marketed, their purpose being to inoculate the soil with new beneficial microorganisms or to activate those which are already present in the soil. These products have been tested extensively at eight southern states research stations. These tests have shown that they contain negligible amounts of plant nutrients. Number of microorganisms present were too low to be considered as soil or plant inoculants. There was no indication that yields were significantly increased under the different soil and climate conditions. There was no delayed benefits in successive crops.

College News

Betty Aldridge of Greenville, mezzo soprano, and William Kenneth Davis of Raeford, baritone, were first place winners in the 1975 Metropolitan Opera District Auditions at East Carolina University Feb. 22.

They will enter the 1975 Southeastern Regional Auditions in Atlanta later this spring, competing with other young singers from the southern U.S.

Purposes of the annual auditions program is to encourage young people who are gifted and trained in operatic singing and to discover new talent.

East Carolina University is the location of eastern North Carolina's District Auditions Program each year.

Mr. Clyde Hiss of the ECU voice faculty is coordinator of the district program. Three students from Raeford have qualified for the fall semester dean's list at Wake Forest University.

They are Elizabeth Faye Jordan, daughter of Mr. and Mrs. Riley M. Jordan of 110 Fulton; and Anna Hughes Jordan and Jeanette Kelly Jordan, daughters of Dr. and Mrs. Julius F. Jordan of 315 W. Edinborough Ave.

Elizabeth Jordan is a junior and is majoring in French. She is a member of the Baptist Student Union.

Anna Jordan is a senior and is majoring in history.

Jeanette Jordan is a junior and is majoring in physical education.

Call us for protection.

Nationwide Insurance is ready to build a Wall of Protection around your business. Here is one insurance plan that can protect you, your employees and your business. It can even protect your budget by spreading premium payments out over the year. The Wall of Protection from Nationwide.
