Store Puts Ceiling On Prices

The Family Dollar store in Raeford has announced a change in its pricing policy which is good news for inflation weary buyers.

Manager Betty Harris reported every item in the store will sell for \$5 or less. The store specializes in clothing and shoes for the family and items for the home and yard.

"We're cracking down on our buying practices," Miss Harris said. "We're insisting merchandise be made available to us at reasonable prices, or we just won't buy."

The 208-store also announced it has opened a new warehousing and distribution center, and the increased efficiency has made further price reductions possible.
