

STAR ATTRACTION - This 1967 Plymouth donated by Younger Sneed, Jr., is expected to be the star attraction at Saturday's Library Benefit auction at DeVane's Auction Barn. Sara Leach, RWC member accepts the keys from Sneed.

Attack On Hogs Is Investigated

An attack on two hogs was investigated last week by Hoke County deputies.

Sam Galberth, of Box 485, Raeford, reported that two of his hogs penned across the road from his residence were injured sometime between 3 p.m., March 31 and noon of April 1.

According to the deputy's report, the two hogs were "cut all over their bodies." No arrests have been made.

Two thefts occurring on April 1 were reported:

Bobby Wright of Rt. 1, Raeford, reported the theft of 17 bags of tobacco fertilizer stolen from a pack house on the W.A. Wright farm.

Two men were arrested later that week and charged with breaking, entering, larceny and receiving in connection with the theft.

Charged were Larry McRae, 23, and John Hopkin, Jr., 23.

A guitar was reported stolen from the Hillcrest home of Ed McNeill.

Mrs. Leonard Ransom of Rt. 2, the Arabia-Dundarrach Road, reported her home was broken into between 2:30-4:45 p.m. Saturday. A tape player, .22 calibre rifle, electric guitar and amplifier valued at \$280 were reported stolen.

A 20-gauge single-shot shotgun was reported stolen during the day Saturday from the home of Leon Locklear of Arabia Road.

Granford Woods of Rt. 1, Lumber Bridge, reported the theft Monday of 28 bags of hog feed from a storage house near his home.

The city police reported no incidents during the week.

Service Personnel

Pvt. Rocky E. Peterkin, 21, son of Mr. and Mrs. Edward Peterkin, Route 3, Red Springs, completed a clerk course at the Army Adjutant General School here.

He received instruction in typing, unit mail service, morning reports, Department of the Army publications and military correspondence.

Army Sgt. Gerald H. Barbour Jr., whose parents live on Route 2, Raeford, was presented the Good Conduct Medal here.

The medal, established in 1941, is awarded on a selective basis for those who distinguish themselves from among their fellow military personnel through exemplary conduct, efficiency and fidelity during their active military service.

Sgt. Barbour received the award while assigned as a motor sergeant with the 8th Infantry Division.

Pvt. Christopher Smith, 20, son of James Smith, Route 1, Raeford, received a Parachutist Badge marking his successful completion of the airborne course at the Army Infantry School here.

He underwent a rigorous physical training program, then tested his ability by jumping 34-foot and 250-foot towers. The first week he was required to make five actual jumps.

Pfc. James Chambers Jr., whose parents live on Route 1, Aberdeen, is assigned as a tank crewman with the 1st Infantry Division here.

Navy Mess Management Specialist Seaman Bobby Hunt, son of Mrs. Pearlene L. Hunt of Route 4, Red Springs, has arrived in the Mediterranean aboard the dock landing ship USS Pensacola, which is homeported at Little Creek, Va.

He will participate in operational readiness training exercises as part of the U.S. Sixth Fleet, and visit several Mediterranean countries.

Continued from page 2

don't have discipline it follows almost as night follows day that you have but little learning. Hoke County School Supt. Raz Autry might be able to give high school principals across the state some good lessons on how to have discipline. Raz was noted for his talent as a disciplinary principal before moving up to county superintendent.

OUTREACH - Through our welfare programs we would like to see every needy person, particularly the aged, the crippled, the blind and others unable to work provided for amply, and this we are able to do. But to have government workers trying to roundup more and more for the Food Stamp program, which is already bringing the program into ill-repute.

A reasonable amount of pride is essential to good citizenship. Back in the Great Depression of the 1930's my family could well have accepted some of the small hand-outs that were made available in the early New Deal Days. But we did not take anything in the way of a "hand-out," not that we could not have used it, for as boys just out of high school with our Dad coming down with paralysis, money was almost like Old Mother Hubbard's cupboard, but we never missed a meal and I think we were much better prepared to face the challenges of life by doing for ourselves what today government is doing for so many.

SAD - It's sad to see old friends like Governor John B. Connally of Texas and Jake Jacobsen set against each other in court accusing each other of lying!

---SCHOOL BOARD---
Continued from page 1

Associate Principal of the school, the Superintendent of Schools, and the Board of Education reserve the right to open and search any locker at any time, and the contents of the locker, other than assigned school books and materials, may be retained by the school officials, or, if appropriate delivered to law enforcement officials; and the contents of the locker may be used as evidence by school officials in any disciplinary proceedings brought against the student by the school Principal, Superintendent of Schools, Board of Education, and/or used in any court proceedings.

4. The student will leave with the Principal of the school the combination of the locker assigned to him, or a key which will open the lock on the locker before the assignment of a locker becomes effective. If the student changes the lock on his locker, it must be with the permission of the Principal, at which time the student shall list the new combination of his locker with the Principal, or leave a new key with the Principal, in default of which the school Principal, Superintendent of Schools, or Board of Education is authorized to break the lock, open and enter the locker if a search of lockers, or this locker, is conducted.

Any violation of the rules regarding locker assignment will result in the termination of the privilege of the locker.

Corporal Punishment
The Hoke County Board of Education believes that a teacher must have discipline before teaching and learning can take place. Therefore, each teacher is required to maintain order through a variety of methods. Should corporal punishment be deemed necessary it will be administered in the presence of the principal or if he is absent from the school in the presence of his designee. All such punishment shall be in compliance with North Carolina General Statute 115-146.

Teaching In Field
With the full realization that the teachers set the method of instruction in their individual classroom, only properly certified individuals will be considered for employment. All teachers now teaching in areas other than their field will be required to show progress (six hours) each year toward getting properly certified in the area of their current teaching assignment. Any individual currently teaching out of field will be automatically considered for openings in their field as they develop.
