

Rockfish News

By Mrs. A. A. McInnis

Tabernacle Church has recently received many new members, some by letter and others on profession of faith and baptism.

Revival closed at Pittman Grove Church Friday night, after a week of good preaching and singing and prayer. No new members were received into the church, but they feel that the whole community was revived.

A large crowd attended the Homecoming at this church Sunday. The Rev. E.C. Taylor, a former pastor who was there for many years, conducted the morning worship service. The dinner was served in the fellowship hall and it was all a success. Deacons of the church met in the afternoon, but the singers who were expected didn't get there, so there was no afternoon singing.

Birthdays
The birthdays of Roscoe Bundy and his father, L.B. Bundy, were celebrated last Saturday evening at Rockfish Community House with a big birthday dinner. All, or nearly all, of Mr. and Mrs. L.B. Bundy's children, grand and great-grandchildren were present. The bountiful dinner was served picnic style with birthday cake and accessories. It was a joyful time for all. The honorees received many nice gifts and may they both have many, many more happy birthdays.

Mr. and Mrs. Eugene Gibson and Mr. and Mrs. David Gibson and families of Shelby spent some time with their mother, Mrs. R.H. Gibson, and other relatives last week.

Mr. and Mrs. Davis Parker returned home Sunday p.m. after a trip to Gatlinburg Tenn. from Thursday to Sunday. Their children, Karen and Kirkland, were with them.

Comment
After a long dry spell, we have had an abundance of rain at Rockfish and if it continues, people may soon be "wanting what it's not."

Permits For Farm Machines On Roads Eliminated

Billy Rose, state highway administrator, announced that farmers are no longer required to obtain special permits to move their machinery over state roads, if the equipment to be moved is less than 18 feet wide.

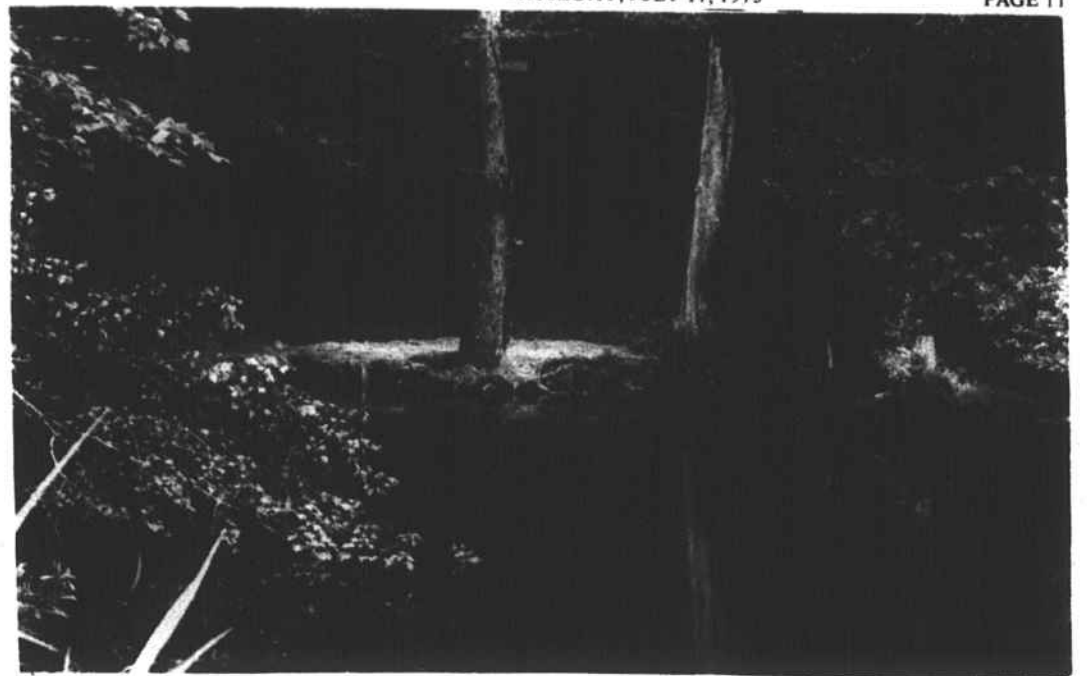

The ratification of House Bill 490 eliminates the requirement for special permits for farm equipment and machinery of less than 18 feet.

The highway administrator stressed, however, that the equipment still must be moved during daylight hours, and a red flag must be displayed on the front and rear of the equipment. Rose added that if the equipment is to be moved

more than 10 miles, it must be preceded by a lead car.

All other requirements for permits to move farm equipment of greater width than 18 feet remain in effect and will be enforced, Rose said.
