

DEATH WRECK—Thirteen year old Joseph Hall was pronounced dead at the scene after being thrown from this Mustang in a high speed wreck Thursday.

Wreck Claims Life Of Hope Mills Youth

The thirteen year-old son of Hope Mills Police Chief Robert Alexander Hall was killed about 7:45 p.m. last Thursday when he was thrown from an overturning car.

Joseph D. Hall of Irongate Road in Hope Mills was pronounced dead at the scene by Hoke County Coroner Frank Crumpler after he was thrown from a 1969 Mustang driven by Eduardo Villalba, 18, of Rt. 3, Fayetteville.

The accident occurred on rural paved 1422 between Rockfish and twin bridges, according to trooper K.W. Weston.

"The car was traveling at a high rate of speed and overturned several times in a soybean field," Weston said.

Weston said that Villalba was injured and was taken to Cape Fear Valley Hospital and was listed in satisfactory condition.

"The car belonged to Villalba's sister, Maria Villalba of Fayetteville," Weston said.

Weston said that Villalba has been charged with reckless driving and death by a vehicle and is scheduled to appear in court September 5.

Forty Two Cases Set In Superior Court Term

Murphy, McCain, worthless check, \$4 restitution to Walter Parks, costs; Yvonne Southerland, Raeford, worthless check, \$25 restitution to Sadie Melton, costs.

Lid's Off, Rose Offers

Congressman Charlie Rose announced that he has purchased, at his own expense, 1,000 dozen one-piece jar lids.

"I will gladly send one dozen jar lids to the first 1,000 people in my District who write to us in our Washington office requesting them," Congressman Rose said.

"These are not the regular seal and ring variety. They are one-piece lids that have recently been patented and put on the market.

"I realize that these lids can't meet all of my constituents' canning needs, but I hope it will help some. "I am very disappointed that the production of jar lids has not, by now, increased and ended the shortage. But this has not happened, and I have taken this action on my own," Rose said.

Requests should be sent to Congressman Charlie Rose, 218 Cannon House Office Building, Washington, D.C. 20515.

Farm Items

By W. S. Young County Agricultural Agent

The annual bedding plant meeting will be held in Raleigh at the Method Research Farm and the N.C. State University Faculty Club on Wednesday August 6, 1975 from 10:00 A.M. to 3:30 P.M. Persons interested in growing bedding plants are encouraged to attend. The research plots will be open to the public on Sunday August 10. There will be no formal program on that date.

rubber gloves when handling experimental permit herbicides. The label specified that applicators should use safety devices. Recent interpretations by EPA extend possible misuses to every direction and warning on the label. Apparently all storage, handling, application methods, use of safety devices along with dosages and crops are being monitored.

Recently some farmers out in the Midwest were issued "notices of warning" by the Environmental Protection Agency for failure to use goggles or face shields along with

McBryde Reunion Sunday In Antioch

The annual McBryde Reunion will be held Sunday August 10 at Antioch Presbyterian Church. The program will begin at noon with a picnic lunch following. All relatives and friends are invited.

Hoke County farmers can compete again this year in the Upjohn Company's awards program. This is known as the R-6-P program and involves the destruction of all tobacco stalks soon after harvest. The award is again five hundred dollars in cash for our number of tobacco acreage. This program reduces three diseases and three insect pests. If everyone would destroy their stalks, growers would probably not have to use insecticides to control these pests. A pamphlet is available from the County Agents office that discusses the entire program.
