

In District Court

Speeders' Day Is Spent In Custody

A young girl and a soldier had to spend most of the day in custody after they were unable to pay their fines for speeding violations Friday in District Court.

Daniel Scott Heiser of Ft. Bragg and Cheryl Lynn Carter of Greensboro had their cases brought before Judge Joseph Dupree in the earlier part of the day and both could not pay the designated fine and costs of court and had to wait until someone brought them the needed money to leave.

Heiser pleaded guilty to speeding 78 in a 55 mph zone and was sentenced to 30 days, suspended on condition that he pay \$25 and costs. He had to wait until after lunch before a friend brought him the money for the fine.

Miss Carter pleaded guilty to speeding 90 in a 55 mph zone and was sentenced to 30 days, suspended on condition that she pay \$75 and costs. She waited until after five o'clock before a friend brought her the needed money.

WHEAT SUPPLY LARGEST IN MORE THAN A DECADE - The U.S. wheat crop of 2.2 billion bushels, which tops last year's record 1.8 billion bushels by over one-fifth when added to stocks of old wheat, will provide the nation with over 2.5 billion bushels of wheat, the largest supply since the early 1960's. This year's stocks belong to farmers and grain dealers, in sharp contrast to the late 1950's and early 1960's, when the U.S. Government maintained stocks in excess of 1 billion bushels at public expense.

On July 1, carryovers of wheat from last year totaled 319 million bushels, compared with 247 million bushels a year earlier.

In a USDA report, The Wheat Situation, Economic Research Service economists said that the nation will use from 784 to 809 million bushels domestically and will export from slightly over 1 billion to 1.2 billion bushels. Farm and commercial stocks on July 1, 1975 may total from 523 to 648 million bushels, about twice the wheat carried over this July 1.

Domestic Use: Bread and other consumer products will likely take 525 million bushels, roughly one-fifth of the nation's total supply. Farmers will feed 175 to 200 million bushels to cattle and other farm animals and use an additional 84 million bushels as seed for the 1976 crop.

Exports: World wheat trading will likely be active this year. The USSR, Australia, and East and West Europe have had recent set-backs in wheat production. World trade may exceed last year's 2.5 billion bushels.

The National Tobacco Advisory Committee will meet at 10 a.m., Friday, August 29, in the Scott Building, State Fairgrounds, Raleigh, North Carolina, the U. S. Department of Agriculture announced.

Major items on the agenda include discussions of supply and demand outlook, program policies, and recommendations for flue-cured tobacco for the 1976-77 marketing year. The public is invited to attend the meeting.

The committee consists of 27 individuals who represent all segments of the tobacco industry. Richard Bell, Assistant Secretary for International Affairs and Commodity Programs, is chairman. Kenneth Frick, Administrator, Agricultural Stabilization and Conservation Service, is vice-chairman.

Secretary Earl Butz has expressed concern about the large quantities of flue-cured tobacco being taken under Commodity Credit Corporation loan. He has indicated that an adjustment may be necessary in the 1976-crop quota and allotment to maintain a proper balance between supply and demand.

Comments relating to the amount of the 1976-crop quota have been requested by the Department.

Details on the decisions to be made and on the legislative provisions which govern those decisions are scheduled for publication in the Federal Register of August 26. Before the decisions are made, consideration will be given to written comments received by the Director, Tobacco and Peanut Division, Agricultural Stabilization and Conservation Service, USDA, Washington, D.C. 20250, not later than September 25.

All written submissions will be available for public inspection in Room 6763, USDA's South Building, during regular business hours, 8:15 a.m. to 4:45 p.m.

Trio Jailed In Break-in

Three suspects were arrested Sunday and jailed in connection with a break-in at a Lamont Street residence.

Police Chief Leonard Wiggins identified the trio as Earl Bullard, 28, So. Main Street, James Earl Jackson, 28, of Red Springs, and Lacy Locklear, 33, of Maxton.

Wiggins said Officers C.E. Campbell and L.J. Beatty apprehended Bullard and Jackson in the vicinity of the Raeford Hotel while they were in a car reported as stolen. Both men were charged with breaking and entering and larceny related to a burglary at the home of Earl Capps, 103 Lamont Street.

Both men became belligerent, Wiggins said, and were also charged with resisting arrest. Jackson was also charged with auto theft.

Locklear was arrested at his home later Sunday and charged with receiving stolen goods. A color television reported stolen from the Capps home was recovered at the time of arrest, Wiggins said.

Bullard was jailed under \$3,300 bond and Jackson was jailed under \$5,300 bond. Locklear was released under \$1,000 bond.

An Aug. 29 hearing was set for the trio.
