Barrington - Bruton Luncheon Fetes Mrs. Canady

Mrs. David Ronald Barrington

Miss Alice Gay Bruton, daughter of Mrs. Gloras H. Pickard of Siler City, and J.M. Bruton of Warsaw, and David Ronald Barrington, son of Mr. and Mrs. Ebb Barrington, of Pittsboro, were married Saturday August 16, 2:00 p.m. at the First Baptist Church of Siler City. The Rev. C.R. Smith officiated at the double ring ceremony.

The bride, given in marriage by her stepfather, Leroy Pickard, wore a long gown of white organza with venise lace trim. The gown featured a modified ruffle at the neckline, a sheer front, and backed yoked bodice with bishop sleeves with organza cuffs and applique flowers scattered on the bodice, sleeves, and full skirt to the flounce hem with an attached chapel train. Her finger tip veil also featured lace applique flowers, and she carried a colonial bouquet of daisies and a white orchid with white streamers.

Attending the bride as matron of honor was her sister, Mrs. Elizabeth Parker. Charlotte and Johanna Parker, nieces of the bride, served as junior bridesmaids. Amanda Parker, niece of the bride, and Larry Harris served as flower girl and ringbearer. Ebb Barrington, father of the groom, served as best man. The ushers were Elliott Parker, brother-in-law of the bride, Ebb Barrington, Jr., brother of the groom, Tim Holloman and Russel Stone UNC roommates of the groom.

Immediately following the ceremony the bride's mother entertained in the Church Annex.

Mrs. Barrington is a senior at the School of Nursing at the University of North Carolina in Chapel Hill. Mr. Barrington is beginning his fourth year in the School of Pharmacy at the University of North Carolina.

Among Mr. Barrington's relatives in Raeford are his paternal Grandmother, Mrs. Helen S. Barrington, his aunts, Mrs. Bill Upchurch and Miss Helen Barrington; his uncle, Sheriff Dave Barrington and family; his maternal uncle, Ed Byrd, and a number of cousins.

Mrs. Bob Southwell and Mrs. Frank Sincox of Kings Mountain, and Miss Billie Jean McIntyre of Charlotte, were overnight guests last Wednesday of Mr. and Mrs. Ralph Barnhart, en route to Holden Beach. They came back by Raeford Sunday and left for their homes on Monday.

Mrs. Chalmers Davis, Mrs. Dewey Inman, Mrs. Bertha Hendrix and Miss Josephine Hall were hostesses for a luncheon Saturday at Mrs. Walker's as a farewell honor for Mrs. Ron Canady who is moving to Pinetops. Late summer flowers were used in the dining room and on the tables where places were marked for 16 guests.

Mrs. Canady received a corsage and a gift from the hostesses.

ROUND STEAK

With round steak, what you see is pretty much what you eat. For round steak has the lowest percentage of fat of all beef steaks.

It's true that round steak is usually thought of as a less tender cut of meat. But it does have its tender spot - the top round.

If the top round is graded Prime or Choice, it can be broiled or pan-broiled, just like more expensive steaks. But in the lower grades - such as Good - top round steaks will have to be braised.

The eye - of - round is not as tender as top round, but if it is graded Prime or Choice, it can be pan-broiled if cut into thin slices.

The bottom round is the least tender cut and must be cooked with moist heat, no matter what grade of meat you buy. The bottom round is often sold with the eye - of - round attached.

You may also see the top, the bottom or full - cut round sliced thick and labeled "Swiss steak."

HAM STEAKS

Centuries ago people had an interesting way of curing meat. They buried meat cuts in the sand by the sea. And during the winter months - the action of the salt water cured the meat.

In the spring the families would dig up the cured meat and prepare it for a feast. One of the cuts of meat the ancients cured by salt water was ham.

Today ham is a favorite meat of many of us. And if you're the one who does the buying - here's a tip. Take the time to read the ham label - before you make your choice.

After all - buying a ham can be quite confusing. Ham comes in dozens of styles, sizes and shapes. It may be boneless, semi - boneless or shankless. Some hams are skinless and defatted. And a boneless ham may be rolled, shaped or canned.

To add to the confusion - there are many ways of merchandising ham, including the way the ham is cut - by halves, ends or portions.

In spite of the many styles of ham - you'll find there are only two kinds of ham, fully cooked and cook - before - eating. Fully cooked hams have been cured, smoked and cooked by the packer and need only to be reheated.

A cook - before - eating ham has been cured, smoked and heated to at least 140 degrees and is safe to eat - but it does need further cooking. For best flavor and tenderness - consult your favorite cookbook and use a meat thermometer.

Then - as you serve that tasty, delicious ham - you'll know why it was a favorite with the ancients - as well as with your own family.
