Hoke ASCS

By Thomas R. Burgess

HOKE ASC COMMITTEE ELECTIONS-- North Carolina farmers have until Dec. 1 to return their ballots to elect community ASC committeemen to serve in 1976. Ballots have been mailed to all known eligible voters, and these ballots must be postmarked or returned by Dec. 1.

These farmer-elected committeemen play a very important role in the local administration of farm programs. Their assistance has proven to be a most effective means of gearing national programs to fit local conditions.

Each individual farmer also has definite responsibilities. Possibly one of the most important is the participation in the election of community committeemen. All farmers are urged to study their ballots and to vote on the most qualified persons to represent them as community committeemen.

Ballots will be publicly tabulated on Dec. 4 in the Hoke ASCS Office at 10 A.M. and may be witnessed by any interested person. All elected committeemen will serve as delegates to the county convention to be held Monday, Dec. 15 for the purpose of electing a county ASC committee.

Any person with questions on any phase of the election is invited to visit the local ASCS office for complete information.

ASCs committee elections are open to all eligible voters without regard to race, color, religion, sex, or national origin.
