CLUB MEETS
Rockfish Extension Homemakers Club met on Wednesday Jan. 28 at the home of Mrs. Dora Solomon, with 7 members present. In the absence of the president, Mrs. Wayne Bundy took her place, and gave an interesting talking demonstration on "Tensions". Most of the members had experienced tension at one time or another since it was the first meeting in 1976 the members were asked about their New Years resolutions. All were good and some were comical. All ten members enjoyed meeting with Mrs. Solomon who is "as spry as a cricket" at anything she undertakes. At the close of the meeting the hostess Mrs. Solomon served dainty refreshments in two courses. Time and place of next meeting will be announced later.

The annual meeting of the Soybean Producers Association will start at 9 A.M. on Friday, Feb. 6, 1976 at the Hilton Inn in Raleigh. The program will include information on the outlook for soybeans, many of the newer production practices, and on national research on soybeans. The program also includes a banquet that night and many of the awards will be given at that time. All soybean farmers are invited to attend.

The preparation of tobacco plant beds and their care can get you off to a good start during the tobacco season. Strong, healthy plants will grow off faster and make your crop come into the barn earlier in most cases. Insect and disease protection early in the season will assure a better crop. Don't be afraid to change your old practices. Some of

the new ideas can mean money in your pocket. A bulletin entitled, "Plant Production Guide for Tobacco" will give you up-to-date information.

The 1973 General Assembly of North Carolina ratified a bill having potential impact for qualifying owners of agricultural, horticultural or forest land. The owners can receive upon approval of application, property tax relief in situations where assessment of land at market value results in taxes which are above that of assessment at present use value.

A rollback provision is included which will require payment of part or all of the taxes deferred in previous years when the land is no longer eligible for special assessments.
