Lowery of

Laurinburg. Locklear was employed by the House of Raeford Turkey Farm.

Special Olympics Day Friday

A Special Olympics for excep-tional children will begin at 9 A.M. Friday at the high school stadium. The public is invited and admission is free.

In addition to track events, there will be an obstacle course, sack races, and tug-of-war competition for the youngsters. A special ceremony with the

presentation of awards will conclude activities.

This year's Special Olympics is an outgrowth of the field day last year for children enrolled in the mentally retarded and learning disability classes. Last week, over 200 children received physical examinations from Ft. Bragg LPN soldiers under the direction of Sgt. Tommy Solberg, of the 18th Airborne Corps Surgeon General's Office.

"It's a tremendous public service and we are indebted to them, Rhenda Cameron, project director, said. "If they hadn't come, it would not have been possible."

Mrs. Cameron said she was especially grateful to the Raeford physicians who gave their full support to the Ft. Bragg assistance.

Farm Items

By Hoke County Agricultural Extension Agents

State law specifies that no sales tax be levied on fertilizer, seed, or commercial feeding stuff, with the exception of pet food. These products are exempted because a tax of 25 cents a ton is charged to manufacturers to cover the expenses of state inspections. In stores most computer cash registers automatically add in tax, but it is the responsibility of the manage-ment to see that the tax charges are refunded to the purchaser at the time of purchase. Any problems should be reported to the North Carolina Department of Agriculture in Raleigh.

. . .

Here are a few things you should be thinking about around your home: Anthracnose on blooms of dogwoods will be showing up and now is the time to spray with a fungicide; camellia flower and petal blight will occur now es-pecially during rainy, cool con-ditions. The disease control program for black spot and powdery mildew in roses must be started. apple trees, peach trees, plum and cherry trees should be sprayed at the bloom stage. Most of these diseases show up on the fruit to be harvested in the fall, but about all of the infection occurs at bloom of the plant.

. . .

Three Hoke County 4-H members will be showing three steers in early April at the Area Fat Stock Show and Sale in Fayetteville, N.C. These youngsters placed the ani-mals on feed last October and have been training them since that time. They learn to keep records on growth of the animals, feed conversion and many other points. Then the animals are shown and then marketed.

Businesses in the Fayetteville area usually help with some of the prize money by purchasing some of the calves during the sale. Anyone in Hoke County that would like to support these young people by the purchases of an animal should contact the county extension service.

SUPPORT YOUR HOKE COUNTY

VOLUNTEERING— Ft. Bragg medical personnel volunteered their time Wednesday to give physical examinations to the children participating in the Special Olympics. Pictured is Pfc. Lynn Swinderman putting at ease Donna Rogowski about the blood pressure check.

GETTING CHECKED—James McPhaul is just a little apprehensive about the strange looking wrap being attached to his arm by Pfc. Danny Bishop until he finds out "it doesn't hurt". About 200 children were checked by volunteers from the 28th Combat Support Hospital, the 5th Combat Support Hospital, and Womack Army Hospital Wednesday in preparation for the Special Olympics.
