April showers bring May flowers but unless there is a change pretty soon, the May flowers will be scarce if any.

About Social Security

Need Card? Apply Now

Students and other people who plan to get a summer job should apply immediately for a Social Security number if the don't have one, according to W.W. Thomas, Social Security district manager in Fayetteville.

"You should apply for your number several weeks before you need it for a job covered by Social Security," he said.

"Applications must be screened against central files in Baltimore to make sure that a second number isn't issued to that same person. Screening generally takes several weeks.

"Your social security number is yours alone and remains the same for life," he said. "A worker builds retirement, disability, survivors,

and Medicare protection by work and earnings credited to his social security number. So when you get a job covered by Social Security, be sure your employer copies your name and number correctly from your social security card to his records."

More than nine out of ten jobs are covered by social security.

People applying for a Social Security number for the first time may be asked to prove their age, identity, and citizenship.

"You can get information about applying for a social security number by calling, writing, or visiting any Social Security office," Thomas said.

The Fayetteville social security office is at 111 Lamon Street. The phone number is 483-2661.

Road Crews On 4-Day Week

Eight thousand North Carolina highway maintenance workers began a four - day work week April 17. The four - day week was approved by the North Carolina Board of Transportation and will be in effect through Sept. 17.

This year marks the second time the four - day work week has been implemented in all highway divisions. Last year the schedule showed that production increased seven to 20 percent, according to DOT officials.

Bottle Collection Drive Saturday

REVIEW - Famous Americans and important events in history were depicted in a play, "American Review", presented by fourth graders at South Hoke School last week. The program concluded with a rendition of "Happy Birthday, America".

6,000 Expected At NCAE Rally

A statewide rally of educators planned for May 1 in Raleigh will attract more than 6,000 members of the North Carolina Association of Educators, Dr. A.C. Dawson, executive secretary, said last week. Dr. Dawson said the total attendance could exceed 10,000.

The rally, authorized by the NCEA Representative Assembly meeting in Charlotte last week, is planned to dramatize the demand by teachers for a cost-of-living salary increase from the 1976 General Assembly. The Assembly meets on Monday after the educator rally on Saturday.

Dr. Dawson said Dorton Arena at the State Fairgrounds will serve as the site for the rally, tentatively slated to begin at 11 a.m. The NCAE official said the format of the rally has not yet been fully developed, but he said he will be "surprised if it is not a lively affair."

The rally idea was adopted by the NCEA Representative Assembly as an alternative to a resolution which would have required a statewide "sick-in" by members. The motion to hold the rally left with the NCAE Board of Directors the authority to take whatever action it deems

appropriate if the cost-of-living salary increase is not granted. Technically, the Board could still request that members participate in a "sick-in" if the Legislature does not act favorably.
