Paperback Selections Good

Another holiday has come and gone, as has most of the month of April. We hope both have been rewarding for you.

Our library staff enjoyed the Easter trips, guests and just plain good rest and are back working as we wait for you to come in. Please bear with us in the next few weeks if some of the material you need has already been packed. We need this running start.

In case you have forgotten about our paperback service; bring one and exchange it or as many as you would like. We have a great many to choose from. There is always a good selection.

We still do not have a copy of "Final Days" so many of you have been asking for. We hope to have one soon. We have several books however on Richard Nixon. "All the President's Men" is one that is not on a waiting list now and is a very good book.

This is the era for reclaiming the art of crafts. Everyone is interested in making something with their hands. It's nice to sit and be productive at the same time after a hard day at work or at home in the new spring garden, etc. There are many good books and pamphlets in our library that show you how to make crafts that are popular today. These were necessities for our grandparents. Isn't it nice we can do

them for the sheer enjoyment of doing them. The useful ones will always be great treasures not only to the creator but to loved ones in the future.

Some of our books are: crocheting, needlepoint, tie dyeing, rug making, quilting, cake decorating, knitting, flower arranging, decoupage, painting, macrame, string art, china painting, and craft books with other gift items for you to make. Come in check out a book on your favorite craft today.

It's hard but we won't say anything about the new library building this week.
