— MANAGER —
Continued from page 1
graduate of Wake Forest University. Prior to moving to Hoke County, she worked in the communication department of Integon Insurance Co. in Winston-Salem with responsibility for employee publications.

She is married to a Raeford attorney and is the mother of two sons, twins age six.
Chamber president Gilbert Bernhardt said Mrs. Pate will receive an \$8,000 annual salary.
"The Chamber directors consider themselves very fortunate to get someone who shows so much interest and has so much qualification. We're very enthused about the opportunities for the coming year," he said Tuesday.

— BUDGET —
Continued from page 1
National Sheriff's Association.
The board also was notified that the pending Law Enforcement Assistance Administration (LEAA) grant application for two more detectives within the sheriff's department will have to be revised. Another \$5,000 needed for vehicles was left off the application and county manager T.B. Lester said a request for the funds would be submitted. Approval of the application is not expected until later this year.

The commissioners meet again tonight (Thursday) in the courtroom of the courthouse to hear public comment on the proposed budget. By law, the new budget must be adopted by July 1.

— AROUND TOWN —
Continued from page 1
All I can say is that Carter has something to work for and his goal has already been set for him.
Good luck, Gene.

Congratulations to Kathy McMillan on her record - breaking jump last week in Los Angeles, Calif. Now on to the Olympics, Kathy.

Accent On Agriculture

Like everyone else, the American farmer is a consumer and a taxpayer, as well as a producer.

He pays \$2.9 billion in farm real estate taxes, \$427 million in personal property taxes, \$4.3 billion in federal and state income taxes, and about \$500 million in sales taxes.

Annually, farm operators spend about \$73 billion for goods and services to produce crops and livestock. They have available \$30 billion in personal income from farm sources and \$25 billion from nonfarm sources to spend for personal taxes, investments, and for the same things that city people buy.

Farmers' purchases include:
—\$8.8 billion for farm tractors and other motor vehicles, machinery, and equipment. It requires 140,000 employees to produce this farm equipment.

—\$10.1 billion for fuel, lubricants, and maintenance for machinery and motor vehicles used in the farm business. Farming uses more petroleum than any other single industry.

—\$17.0 billion for feed and seed.

—\$5.6 billion for fertilizer and lime.

—Products containing 360 million pounds of rubber -- about 5 percent of the total used in the United States, or enough to put tires on nearly seven million automobiles.

—6 1/2 million tons of steel in the form of farm machinery, trucks, cars, fencing, and building materials.

—33 billion kilowatt-hours of electricity -- about 2 1/2 percent of the nation's total.

Yes, like everyone else, the farmer is a consumer — but in a very big way. And, like everyone else, farmers have felt the pinch of inflation — also in a big way.

Almost five million Vietnam - era veterans have trained under the current GI Bill.

GENERAL REVENUE SHARING PLANNED USE REPORT
General Revenue Sharing provides federal funds directly to local and state governments. This report of your government's plan is published to encourage citizen participation in determining your government's decision on how the money will be spent. Note: Any complaints of discrimination in the use of these funds may be sent to the Office of Revenue Sharing, Wash., D.C. 20226.
