Local Girl Attends Architectural Forum

Karen Denise Brown, an architectural engineering major at A & T University, was selected by the president of the Architectural Society at A & T and the chairman of the Engineering Department to receive an expense paid trip to the Architectural Engineering South Atlantic Forum on Nov. 23 - 26.

The forum was held at the Municipal Auditorium in Charleston, S.C.

Karen is the daughter of Mr. and Mrs. John A. Brown, who live on the Aberdeen Cut Off here in Hoke County. She has a brother and sister, John Brown, Jr. and Valinda, in Hoke High School.

Karen has done exceedingly well in her field, and her talents have made her stand out over upperclassmen. Because of her active participation at the forum, she was asked to run for Regional Director of the South Atlantic region, but she declined, stating that she didn't feel she would be ready for the position until at least one more year of school, since this is just her second year in the field.

She said she felt that upper-

classmen, who should be more experienced, should be given the chance to run for the position.
