**GIFT PRESENTED** -- Teachers in the Hoke County school system gave Superintendent Raz Autry (right) a Christmas gift Monday afternoon at the Hoke County Board of Education building. Danford Dial, representing the teachers, presented the gift.

**TEACHER**

(Continued from Page 1)

**COUNTY BOARD OF EDUCATION** (hereafter Board) by and through its chairman, R.L. Gibson.

WHEREAS, the Teacher is a career educator within the meaning of the North Carolina Tenure Act, N.C. Gen. Stat. 115 - 142 (1975), and has served the children and citizens of Hoke County as an educator for 15 years and, during that time, has rendered satisfactory and valuable services to the children of Hoke County; and

WHEREAS, the Superintendent is now serving as the Chief Administrative Officer of the Board and, in such capacity, has primary responsibility for the administration of the county schools and particularly in matters dealing with personnel administration; and

WHEREAS, the Board is the duly elected body charged by law for the overall operation of the county's school system; and

WHEREAS, on 19 October 1977, the Teacher was involved in an incident, off school grounds, in which it was alleged that she had consumed an excessive amount of alcohol; and

WHEREAS, the Board and Superintendent, acting in good faith and in the interest of the children of Hoke County, took steps pursuant to the Tenure Act to inquire into the matter and to take such action as might be necessary and appropriate in order to protect the well-being of the county's children; and

WHEREAS, the Teacher has, and does hereby, express her appreciation for the concern of the Superintendent and the Board that county educators should not appear in any public place under the influence of intoxicants and further acknowledges that appearances on school grounds after having consumed intoxicants in absolutely forbidden; and

WHEREAS, during 15 years of service, there have been no similar charges and similar incidents to mar the record of the Teacher; and

WHEREAS, the Superintendent and Board, while firmly maintaining and reiterating the policy set out above, do not desire that a single incident such as described should, on the facts of this particular case, result in outright dismissal provided that reasonable assurances are received to satisfy their concern on behalf of the county's children that no similar situation involving the Teacher shall occur.

**NOW, THEREFORE, BE IT RESOLVED, UNDERSTOOD, AND AGREED THAT:**

1. It is the policy of the Board that no educator employed by the Board shall appear on school grounds after having consumed intoxicants and should not appear in public under the influence of intoxicants;

2. That the Teacher shall be retained in her present position and the prior administrative action shall be withdrawn;

3. That the Teacher is hereby removed from tenure as it is defined in Chapter 115 of the North Carolina General Statutes and is placed on probation. That this probationary period shall continue until the end of the 1978 - 79 school year.

4. That notwithstanding the provisions for dismissal as outlined in the Tenure Act, the Teacher may be immediately terminated for a violation of the policy heretofore noted.

Subject to the terms and conditions above, all matters and controversies between the parties hereto are by this Memorandum and Agreement amicably resolved and the parties, by their signatures affixed below, voluntarily and understandingly agree to the terms and conditions set out above.

**LAW FOR LIVING**

by Professor Howard Oleck Wake Forest University School of Law

(Distributed by the N.C. Academy of Trial Lawyers as a public service)

**N.C. Crime Control Agency Created**

Crime and public safety have become great problems in every state in recent years. Various methods of dealing with these problems have been tried, with little success so far. Reorganization of government agencies is one device popular with "reform movements."

North Carolina's legislature adopted a new statute in March 1977, in an attempt to help to deal with the matters. It sought to establish a more effective machinery for the purpose, by creating a new "Department of Crime Control and Public Safety." Chapter 70, House Bill 119, 1977 Session Laws, enacting a new Article 5A to Chapter 143B (Section 143B-256 etc.), plus new Sections 127A-17, 20-185, 18A-15, 165-11.1, 17A-3, 17B-3, etc. -- all effective April 1, 1977.

The purpose of the new Department is to provide law enforcement and emergency services to protect the public against crime and against natural and man-made disasters, and to coordinate efforts of various state agencies for these purposes.

Functions of various existing departments are transferred to the new agency. The National Guard, Civil Preparedness, Civil Air Patrol, Highway Patrol, Alcoholic Control Enforcement Division, Governor's Crime Commission, Crime Control Division, Criminal Justice Information System (and Security and Privacy) Boards, all now have their powers and functions vested in the Dept. of C.C. and P.S., plus such other functions as may be assigned by the governor. A Secretary of the D.C.C.P.S. is to head the new agency.

Provision of a central coordinating headquarters may result in less fragmentation of efforts, less duplication, less staff and expense, and more effective results for the citizens' hard earned tax dollars. We hope so. We hope that the historic tendency of government agencies to multiply their empires and expenses will not occur in this one. We hope that the historic tendency of government agents and agencies to "solve" problems by forming "new committees" will not occur here. We hope. We hope.

Various changes in the various agencies also are ordained by the new statute, in order to achieve its stated purposes. These changes are lengthy and detailed. Transfer of functions is ordered to be completed by July 1, 1977.

As one who has lived long enough to see and hear many big proposals, by many "public servants," for solution of many "public problems," I am a bit cynical about the actual results of such "reforms" as this one. High purpose words are many, but truly public-spirited deeds not so many, from what the years have happened to show to me. But we must continue to hope, and to try. So, let us hope for good results.

**HOUSE FOR SALE:** 2 story Williamsburg, 4 br., 2 1/2 baths, double car garage, located on nice wooded lot in Thomasville Subdivision. 875-4967. TFC

**INJURIES**

(Continued from Page 1)

berton for treatment. They were expected to be released this week.

Key was driving left of center when his car hit the abutment. He reported to the officer that he was having trouble with a tire. Key was charged with driving left of center. The State Department of Transportation was notified and will determine the amount of damage to the bridge.

According to Highway Patrol reports, a two-car collision occurred Dec. 12 at approximately 6:15 a.m. on rural paved road 1003.

Charlie Artis, Rt. 1, Lumber Bridge, backed out of his driveway in his 1967 Chevrolet and struck a vehicle operated by Lula Douglas Baldwin, also of Rt. 1, Lumber Bridge. Damages were estimated at \$400 to the Baldwin car and \$100 to the Artis vehicle. There were no injuries.

Artis was charged with unsafe movement.

On Dec. 10 at approximately 8 p.m., a two-car collision occurred at the intersection of Rockfish Road and rural paved road 1406.

Archie Chalmers Davis, Rt. 1, Lumber Bridge, pulled out into the intersection and struck a 1964 Dodge driven by David Gallespie of Rt. 2, Raeford. There were no injuries and damage was estimated at \$100 to the Gallespie vehicle, according to the Highway Patrol.

Davis was charged with driving under the influence, failing to yield right of way and leaving the scene of an accident. Damage to his car was estimated at \$750.

increase the daily pay of the three-member jury commission from \$25 to \$30. The jury commission is charged with making up the jury lists for the county. Balfour said the three members each worked 54 hours carrying out this duty.

The board took under consideration three recommendations by insurance representative J.A. Alston concerning the county's fire and liability coverage. It was discovered last month that the county had overlapping policies. Alston suggested that the county buy its insurance through one company to prevent confusion in the event of a claim. The board took no action on the proposals Monday night.

Director of Social Services Ben Niblock appeared before the board to discuss the county's personnel policy. It was brought out that two county employees, one of them in the Department of Social Services, had been promised 15 days vacation by their department heads when they were hired for their positions. Normally, a county employee will get only 5 days vacation after the first year of employment, Balfour said. But, considering the circumstances involved, the board voted to let the two employees have the time that had been promised them.

The board went into executive session to review application for the position of county manager and accounting clerk. The board met again Tuesday to review the applications. According to Balfour 12 applications for the positions were received by the Dec. 15 deadline.

**AROUND TOWN**

(Continued from Page 1)

for our little ones' glad belief in Santa Claus, I have been thinking of the gifts I would like for myself for Christmas. Please, dear Santa Claus, bring me:

Patience, and an understanding heart, and the wisdom to guide my daughters to happy, useful womanhood.

A knowledge of the things needed for my husband's happiness and health, so that I may be a good wife as well as an understanding mother.

Give me thoughtfulness, that I may share my abundant joy with my own parents, and do what I can for them in return for all they have given me.

I wish, too, a joyous spirit, which would meet each trial with a smile, and add to the happiness of my friends and neighbors.

Give me a critical attitude toward my own faults, and a tolerant one toward the faults of others.

And, lastly, give me such a sense of fellowship with all people on earth, that I cannot be truly happy until I have done my utmost to bring joy and relieve sorrow and suffering for others, wherever they may be.

—Minnie Worthen Muenscher P.S.: If I have asked for too much, just give me a living, loving faith in the teachings of Him whose birthday we are celebrating this Christmas.

—The American Agricultural Thanks Eleanor, and a Merry Christmas to you!

\*\*\*

Once again the Christmas season is upon us and to all employees, former employees and readers of this column I wish each and everyone of you "A Merry Christmas."
