Ex-Hoke High Student Dies In Accident

Bruce Wayne Willard, 17, of Rt. 1, Aberdeen, a former Hoke County High School student, was killed about 8:10 p.m. Jan. 8 in a two-car collision on the outskirts of Aberdeen.

He was the son of Mr. and Mrs. Bobby Willard and was a senior at Pinecrest High School.

The funeral was held Thursday afternoon in Ives Memorial Baptist Church, and burial was in Caldee Presbyterian Church cemetery.

Memorials may be made to the Ives Memorial Building Fund.

Surviving in addition to his parents are his sister, Miss Sherri Willard of the home; his maternal grandmother, Mrs. Robert Hunt of West End; and his paternal grandmother, Mrs. Maggie Puckett of Aberdeen.

The State Highway Patrol reported Willard a passenger in a car being driven by Jimmy Paul Abrams, Jr., 18, of Seven Lakes, West End.

Trooper R.S. Perry, the investigating officer, said Abrams' car was traveling in the wrong lane of U.S. 15 and collided with a car being driven by Miss Martha Jane Overton, 18, of Southern Pines, near the N.C. 211 intersection less than a mile south of Aberdeen.

Abrams was admitted to Memorial Mission Hospital in Pinehurst. His condition the night after the accident was termed "stable." Miss Overton and her passenger, who was not identified, were reported treated at the same hospital but were not hurt seriously enough to be admitted.

The investigation was continuing.

Lumbee River EMC Gets \$1 Million Refund

Lumbee River Electric Membership Corp has received a \$1,062,644.88 refund from Carolina Power and Light Company.

According to LREMC General Manager Derl Hinson, the refund of \$842,250.71 in principal plus interest of \$220,394.17 is a result of overcharges for electricity purchased from CP&L during the period May 1976 through December 1977.

"Lumbee River EMC did not raise its retail rates enough to pass all of the CP&L wholesale increase on to its member-owners," Hinson said. "The Rural Electrification Administration and the National Rural Utilities Cooperative Finance Corporation hold the

mortgage on LREMC's facilities and have prescribed that a portion of the overcharge refund must be used by the cooperative as a credit to wholesale power costs in 1976 and 1977."

"Therefore," he continued, "approximately half of the refund will be used to offset the amount of the wholesale power cost increases that were absorbed by the cooperative during the two years."

"We are working with REA, CFC and our consulting engineers to determine how the balance of the refund can be used in the best interest of the cooperative and its members, and we hope to have everything finalized within 30 days."

Public Library News

The library has received John Clements' "Taylor's Encyclopedia of Government Officials: Federal & State." This covers the years 1776-1966 and boasts the following acknowledgements: the president of the United States and his staff, the vice president of the United States and his staff, the United States Cabinet and staff; the United States Supreme Court and staff; the United States senators and staff; the United States representatives and staff; the state governors and staff; the state lieutenant governors and staff; the state secretaries of state and staff; the state attorneys general and staff; the Democratic National Committee; the Republican National Committee; people of the Library of Congress; people of the United States Capitol Historical Society; people of the Dallas Public Library; of Clements, artist; and Phil Burleson, legal advisor.

Also, we will be receiving monthly the magazine "World of Politics." This is a Taylor's Encyclopedia of Government Officials publication.

NEW MAGAZINES
"World of Politics" - "To know when something is important or unimportant is what makes America great." In these pages can be found the situations, views, comments, research files, White House reports, congressional and judicial issues, etc.

"Mother Earth News" is a bi-monthly magazine and has many interests for adults and youth; all members of the family; and ranges widely from housewife to executive. A down-to-earth magazine with much information new and old. This is a much-requested item.

"Science", this will be a welcome addition to our "Science News" and "Science Digest". These are used very often when our young folks have class projects.

"Parent's" magazine; this is one that is much requested. We no longer get "American Baby" but feel this one will follow baby to older years and give parents much help with their youngsters as they grow.

We have 84 magazines for your family to enjoy besides the papers and other documentary pamphlets with up-to-date interests for you.

DISPLAYS
Mrs. Elizabeth Jones has changed her display of ceramics and has new ones for you to enjoy. These depict the "woods scenery" with birds, squirrels, a turtle, etc.

Miss Anna Peele has added to her quilt display, her "black" Raggedy Ann. You will want to see her. She is just as pretty as the white ones. We understand Anna almost had to steal her from her niece to let us show her. When you see the doll you will understand.

TYPEWRITERS
Typewriters are available for your typing needs in the library. All of them have been fixed or checked out and are ready for use. Two have been out of order for some time. We have typing rooms for your convenience. Ask us about this service.

LIBRARY BOARD
The Library Board met Thursday morning in the Historical Room of the Library.

Public Meeting Jan. 23

A joint statement issued Tuesday by the Hoke County commissioners and the Raeford City Council says the two groups have expressed to the State Board of Transportation concern about the large volume of truck traffic which passes through downtown Raeford on Main Street.

The county commissioners have asked the Board of Transportation to hold a public meeting concerning the establishment of an alternate routing of N.C. 211 around Raeford in an attempt to remove some of the truck traffic from the downtown area.

The proposed location of the alternate routing is along secondary Road 1209-1244 (Palmer Street) and along Secondary Road 1149 (McLean Road), which run between N.C. 211 west and south of Raeford.

On Wednesday, Jan. 23, at 7 p.m., a public meeting will be held at the Hoke County Courthouse concerning this alternate routing.

Public attendance and response at the meeting are encouraged.

Teele Named

The Board of Directors of North Carolina Natural Gas Corporation has promoted Gerald A. Teele to assistant vice president.

Teele is responsible for the firm's Rates and Budgets activities, the assignment he has successfully directed since joining NCNG in February of 1978.

Frank Barragan, Jr., NCNG president, announced Teele's promotion following the firm's board meeting last week.
