Hoke Highlights

by Donna Holland

Last Saturday, four Hoke High band members attended the Annual Pembroke Band Festival at Pembroke College. Selected band members from all over the state attended. Those students who represented Hoke County were: Alice Adkins - clarinet and Leslie Foster - bass clarinet in the junior high division; and Bryan Baker and Debbie Tolin - both clarinets in the high school division.

These students spent the day practicing with others to prepare for a concert that was given that evening. The men who directed and instructed the music for the concert were Dr. Ray Haney and Dr. Frederick Fennell. Dr. Fennell is a very famous director who is known for being an outstanding conductor and music educator. He

reflects the highest standards in American professional performance. His affectionate regard for young musicians as well as his concern for the serious business of their training, is coupled to consummate technical knowledge and a vast professional and educational experience.

Following his distinguished career as conductor at the Eastman School of Music, Dr. Fennell served as Associate Music Director of the Minneapolis Symphony Orchestra. He is presently conductor-in-residence at the University of Miami School of Music.

The band festival was very educational and enjoyable for all of the students who attended.

A National Math Test is being taken by high school students across the nation who excel in mathematics. This test was taken by selected students at Hoke High on Tuesday, March 10th. Grade results from this test will be averaged among all of the high schools that participated to see how the schools rank with one another in their math programs. Hopefully everyone did well on the test.

Music Appreciation week was March 9th through 13th. In honor of this, two music groups from the high school visited the elementary schools to give performances. The Barber Shop Singers, who are directed by Mrs. Linda Huff sang at West Hoke and South Hoke Schools; and the Freshman band, which is directed by Mr. Jimmy James gave a concert at Scurlock and J.W. Turlington Schools. The performances seemed to be enjoyed by everyone.

On Thursday morning, March 19th at 3:30, a group of students will be leaving Hoke High School for a ten day trip to London, England. We all plan to have a great time, and I will tell you about it when we return home. Our returning date is Saturday, March 27th.
