

Locklear Named To All- Southeastern

William Locklear, an outstanding linebacker for Hoke High, has been named to the Southeastern 4A All-Conference Football Squad.

This honor is bestowed by a vote of all the head football coaches in the conference for a player's ability and performance during the football season. Locklear was selected by unanimous vote of the seven coaches in the conference.

Now a junior and defensive captain, he has started on defense for the Bucks for the last two years and will be counted on heavily in 1982, as he was in the 1981 season, to lead the Bucks' defensive squad.

During the 1981 season, he led the team in solo tackles each game. He accounted for a total of 108 tackles in the team game season for an average of 10.8 tackles per game. He also was very high on the list in tackle assists and had an interception in the E.E. Smith game.

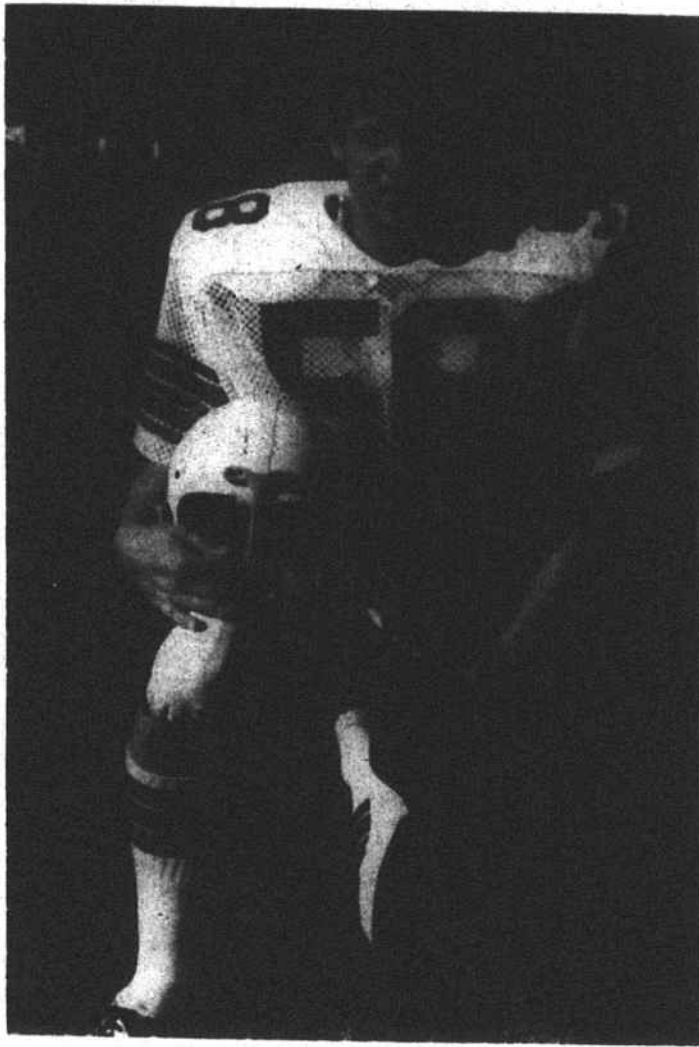

In commenting on William's selection to the honor team, Buck Head Football Coach Tom Jones remarked, "In 13 years of coaching, I've never had a better linebacker in all areas. William has very good anticipation and speed and has excellent lateral movement. With William returning to

anchor our defense in 1982, I sincerely believe we will be outstanding on defense."

In expressing the administration's reaction to the selection, Dr. Lenwood Simpson said, "I would like to express my deep appreciation to William Locklear for being selected All-Conference in football this year. To be successful in football requires much hard work and dedication. William gave us both, for which I am very proud. I wish him the very best in the future."

William is the son of Mr. and Mrs. Russell Locklear of Rt. 1, Red Springs. His father is employed by the Hoke County Board of Education as the home-school visitor for the Indian Education Act program. William is very active in other sports. He served as catcher on the JV baseball team during his freshman and sophomore years and is looking forward to playing for the Buck's varsity baseball team this season.

William is also active in several clubs, especially the IEA program. His educational plans are not yet complete, but he hopes to attend some large university and participate in both football and baseball.
