**GYPSEY MOTH TELETYPE**  
Gypsy Moth is a potentially destructive new pest in North Carolina. Extension "TELETIP" now offers eight informational tapes on the topic. Call the toll free teletip number 1-800-662-7301 and ask for the following tapes:  
2751 Gypsy Moth: Description and Biology  
2752 Gypsy Moth: History and Present Conditions  
2753 Gypsy Moth: Effect on Trees  
2754 Gypsy Moth: Potential Forest Damage  
2755 Gypsy Moth: Control  
2756 Gypsy Moth: What Homeowners Can Do  
2757 Gypsy Moth: What Tourists and Campers Can Do  
2758 Gypsy Moth and Honey Bees

**1982 4-H FORESTRY-WILDLIFE CAMP**  
The 27th annual 4-H Forestry-Wildlife Camp will be held at the Millstone 4-H Camp, about 5 miles east of Ellerbe in Richmond County, July 12-17. All youths ages 14 and older having an interest in forestry, wildlife or other natural resources areas are invited. Cost per camper will be \$65 plus transportation with a \$20 non-refundable deposit required to the County 4-H Agent no later than April 28. All youths interested in attending this camp should contact Alice Lancaster, Hoke County 4-H Agent, for additional information. The camp is sponsored by Southern Bell Telephone Company and the Federal Cartridge Corporation in cooperation with the N.C. Agricultural Extension Service and the N.C. Wildlife Resources Commission.

**PLANT FOR WILDLIFE TOO!**  
Along with other spring planting, now is the time to plant for a crop of wildlife too! Properly managed, game can be an annual crop to be harvested each year during the legal hunting seasons. In many situations this annual crop can be increased by management techniques which supplement natural food and cover. Quail, rabbits, doves, deer, and wild turkeys all will use and benefit from plantings of appropriate food and cover species. Plantings can usually be made in places like small openings or roads and trails in the forest, or along edges between field and forest - land which is usually otherwise unproductive. Get advice on what and where to plant in your situation from a wildlife biologist or through your local Extension office. Information is also available there on sources of planting materials, some of which are furnished free of charge from the North Carolina Wildlife Resources Commission.
