

# Dorcas Hostetler A Flora Macdonald Marshal

Headmaster Eugene McKethan has announced the selection of the junior marshals for 1981-82 at Flora Macdonald Academy.

Serving as chief marshals are Ruth Bodenheimer, the daughter of Mr. and Mrs. Edward Bodenheimer of Red Springs, and Mary Lewis, the daughter of Mr. and Mrs. William Paul Lewis of Parkton. Other marshals are Lynn Wright, the daughter of Mr. and Mrs. Robert V. Wright of Maxton; Dorcas Hostetler, the daughter of Mr. and Mrs. C.A. Hostetler of Raeford; and Judson Eugene (Gene) Melvin, the son of Mr. and Mrs. Judson L. Melvin of Lumberton.

Marshal selection is based on junior students who have maintained the highest academic average and who have accumulated the greatest number of secondary achievement points in their high

school program. Five marshals are chosen from the junior class each year who have the responsibilities of serving as ushers and senior escorts at baccalaureate and graduation ceremonies.

Miss Hostetler in addition to being selected as a marshal is a member of the May Court and also a Homecoming representative. She was selected as the Most Valuable Player on the tennis team, won the District DAR Award and is also a member of the Society of Distinguished American High School Students.

She has been active in the Student Government, the Journalism Club, and the Senior Bata Club. She is a member of the annual staff, the chorus, and a member of the basketball and tennis teams. Miss Hostetler is a member of First Baptist Church in Raeford.

Flora Macdonald Academy's junior marshals.

**FIRST PLACE DISPLAY** -- This display put together and presented by Arthur Kemp's Hoke High radio, television and electronics students at the VICA District 4 Vocational Trade Fair at Cross Creek Mall, Fayetteville, Saturday, was judged the best in its category and awarded a blue ribbon. Kemp (right) is shown with L-R, students David McCrimmon, Tommy Graham and Leon Bruton. Other students who had a hand in putting together or showing the exhibit include James Graham, Jerry McMillan, Preston Moore, Eldered Blue, Deborah Kershaw, Charles Cash, Donald Cameron, John McRae, Frank Burke, Alex Campbell, and Richard Brewer.

**Schedule:**  
Monday, May 24, 1982, 7:30 p.m. - Mildouson Extension Homemakers Club Meeting.

Tuesday, May 25, 1982, 9:30 a.m. - Rockfish Extension Homemakers Club Meeting.

Tuesday, May 25, 1982, 12:40 p.m. - Business Girls Extension Homemakers Club Meeting.

Thursday, May 27, 1982, 5:00 p.m. - North Raeford Extension Homemakers Club Meeting.

**Hint:**  
Don't refrigerate potatoes. They will develop a sweet taste and turn dark when cooked.

## WHAT TO DO IF YOU LOSE YOUR JOB

Losing your job can be rough to handle -- especially if you don't have much in savings to fall back on.

But there are some moves you can take to get through this financial crisis. First, don't panic. If you plan carefully, you can control your financial situation. Remember to keep the lines of communication open with members of your family. Talk with them about what you will do. Analyze your financial priorities. Separate your real wants from your needs. Do everything you can to maintain a good credit rating. In other words, don't default on payments. If it looks like you can't pay a bill on time -- go to your lender. Explain your situation and see if an adjustment in your payment schedule can be worked out.

Remember to file a claim for job insurance benefits right away. And check with your local Social Services office to see if you qualify for other assistance.

Finally, prepare yourself for at least a temporary change in your standard of living. You'll probably find it necessary to cut back on luxuries a bit, so you don't wind up sacrificing essentials.

## CHILDREN AND DIVORCE

Children whose parents have been divorced aren't any more likely to have emotional problems than those who haven't had this experience.

But there are circumstances connected with a divorce that might cause potential problems if not handled properly. So keep in mind that children need to know what's going on -- in language they can understand.

In addition, parents need to listen and accept their children's real feelings. This will be hard, for youngsters will probably be angry at parents and at the world. But they need to be able to vent these feelings.

It's also inappropriate for parents to expect children to meet their emotional needs. Youngsters just aren't capable of providing professional counsel.

How can you help children cope with divorce? One way is to make an effort to spend time alone with each child each day. But don't become a martyr to the children. And don't try to buy the children off with expensive presents as a form of compensation for divorce.

Keep in mind that it's the emotional climate and not the structure of the family that contributes to a child's well-being. In fact, it may be better for children to live in a happy one-parent household than in a house with two unhappy parents.

## With Burlington

# 2 Complete 30 Years' Employment

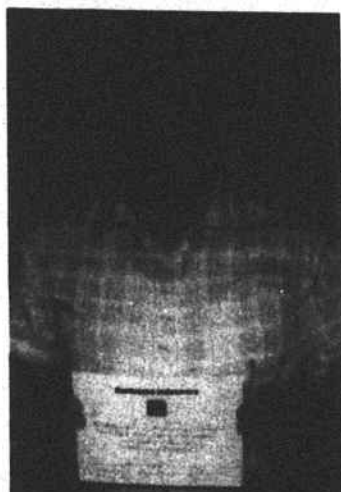

Richard Odom and Elmer Williams began their career with Burlington Industries on the same day: May 12, 1952.

However, Odom began his work in the Preparation Department at the Fayetteville Fabrics Plant. He transferred to the Raeford Plant after that plant's closing in 1975

where he served as a draw-in operator also in the Preparation Department.

Williams served in several positions in the Weave Department before transferring to the Maintenance Department in 1976 where he helps service the airconditioning equipment.

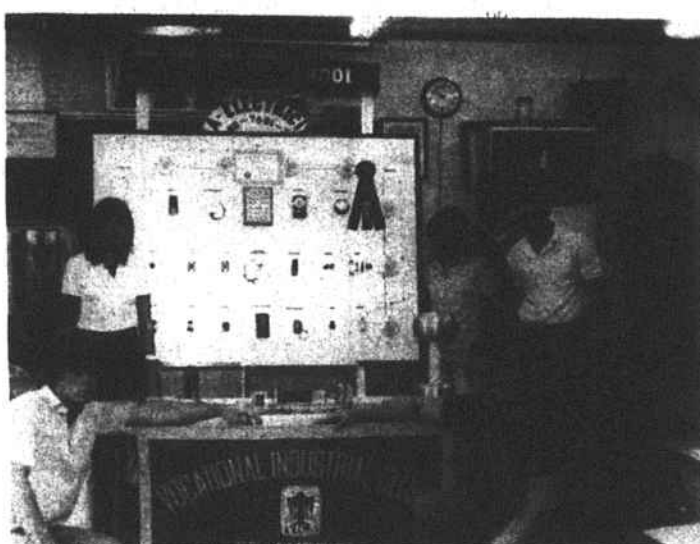

In addition to the certificates presented them, the two employees received a Cross pen and pencil set from the company, representative of 30 years' service.
