Guard's Bragg 'Visit' No Vacation

by Staff Sgt. James C. Clark

The Raeford National Guard Unit just completed its two weeks of annual training which was held

at Fort Bragg, North Carolina. The unit, Headquarters and Headquarters Company of the 2nd Medium Tank Battalion, 252nd Armor, joined in a combined arms field training exercise with the 30th Infantry Brigade.

The Battalion, commanded by Lt. Col. George T. Paris of Red Springs, consists of Headquarters and Headquarters Company, with Detachment 1, located in Red Springs; three tank companies; and a combat support company. The tank companies are from Laurin-burg, Southern Pines and Sanford. Combat Support Company is from Albemarle.

Headquarters and Headquarters Company's function is to supply maintenance, ammunition, food, medical support, clerical support and forward observer support for the line or fighting companies. The unit is commanded by Captain.

A.B. Dickson, Jr.
Contrary to the belief that the
National Guard has just had a two-week vacation, the training was rigid and demanding. The tanks were firing live ammunition, to include the new round called SABOT, which can destroy any known armored vehicle on today's battle fields. The mortars were firing highly explosive projectiles. The small arms that the soldiers carried were real. The medics treated real injuries, even though there were no major injuries.

Capt. A.B. Dickson, Jr., Headquarters Company Commander, said that he would like to commend the families and employees of all the members of the National

You are to be commended for the sacrifices that you endure for that your family members and employees are in training." he said. "You should be proud that they are part of North Carolina's finest."

Food Handlers' Workshop

The Hoke County Health Center is offering a no-cost workshop for all food handlers in Hoke County to be held on Tuesday, June 1, from 7 to 9 p.m. in the W.T. Gibson School Lunchroom.

This workshop will be conducted by Mike Wood, sanitarian for Hoke County, and the Regional Sanitation Staff.

The topics for discussion are:

food-handling techniques, personal hygiene, handling of utensils and care.

Along with the program, demonstrations of up-to-date sanitation techniques will be presented. All food handlers are invited to attend. A certificate of attendance will be presented to those individuals who

The Ladies Auxiliary will have baked goods for sale, also crafts and things at the Town Hall.

The public is invited.

loke ASCS

IMPORTANT: ACREAGE

REPORTS It is extremely important that local farmers report all crops planted on their farms by June 14. It is also important that all farmers file acreage reports, regardless of whether the farm is participating or not and whether there is an acreage of the program crop planted or not. Those acreage reports filed by non-participating farmers will be an important factor in determining 1983 acreage bases.

Please visit the ASC Office and report your acreages as soon as possible after planting. Accuracy in reporting program and marketing quota crops is important to help insure full program benefits and price support.

TOXAPHENE, DDT, TDE,

ENDRIN Tobacco producers are reminded that the use of toxaphene, DDT TDE or endrin on flue-cured tobacco will cause the farm to be ineligible for price support. The producer must certify concerning the use of toxaphene, DDT, TDE and endrin before receiving a

marketing card. Random samples will be drawn at warehouses for analysis purpose to determine levels of their chemi36th ANNUAL MEETING

On May 28, the 36th Annual Membership Meeting of the Flue-Cured Tobacco Cooperative Stabilization Corporation will be held at the Kerr Scott Pavilion, located at the N.C. State Fairgrounds, Raleigh. The meeting will begin at 10:00 a.m. and adjourn around Noon. Those attending will be served a complimentary barbecue lunch.

Featured speakers for the meet-ing will be Congressman Charles O. Whitley and Congressman Charles G. Rose.

MEASUREMENT SERVICE It is not to late for those producers interested to request measurement service for an official determination of acreage. This service is not only extremely beneficial in computing marketing quota crop acreage but program crop and conservation use acreage as well.

Like certification of crops, requests for measurement service must be made no later than June

MEMORIAL DAY
